EIGHT PAGES TODAY

COUNTY SUBSCRIBES FOR NEARLY 30 PER CENT OF HER MAXIMUM BOND QUOTA

**Reports From Thirteen Banks Show That Liberty
Loan Bonds Amounting to Approximately
\$300,000 Have Been Taken Here.**

NOW RANKS FOURTH IN THE STATE

**Statement From Chicago Contains
Reports From Banks Up To
Last Saturday Night.**

FAYETTE STILL LEADS RUSH

**"The Star Spangled Banner" Will Be
Sung in All Churches at
10 A. M. Sunday**

Rush county's actual subscriptions to the Second Liberty Loan of 1917 total approximately \$300,000, which is about thirty per cent of the county's maximum quota of \$944,000.

This fact is revealed by inquiry made at eleven of the county's financial institutions yesterday and at the remaining two, which could not be reached yesterday, this morning.

This is the first time there has been an inkling of the way the subscriptions are really piling up in the county. The banks were not asked to report to the county chairman, but are sending a daily report of subscriptions to the seventh district federal reserve bank headquarters at Chicago. For this reason the county has not been up to date on its subscriptions.

Another report was received this morning from federal reserve headquarters showing that Rush county continues to move up on other Indiana counties in the district in the per cent of quota subscribed. Rush county now ranks fourth among the sixty-nine state counties in the seventh district, and on the last report, received Monday, she was sixth.

The report today discloses that Rush county up to last Saturday had subscribed 16.8 per cent of her quota, as computed at Chicago. The number of subscriptions reported from the county at the close of business Saturday was two hundred and thirty and their par value was \$119,950.

Dearborn county is still leading the state, according to the seventh district statement, with 34.2 per cent of her quota subscribed. Fayette county is second with 25.1 per cent and Huntington county third with 18 per cent. Since the report of two days ago, Rush county has passed Wayne, which has subscribed 15.3 per cent, and Shelby, which has subscribed 13.4 per cent. Other counties in this section of the state are way below Rush county.

The chairman of the Liberty Loan committee received a telegram today from C. F. Childs, chairman of the seventh federal reserve district, spurring the bankers on to greater activity. He asked why it was, more subscriptions were not reported and cited the fact that Indiana was next to the lowest of the five states in the seventh district.

Elaborate plans are being made for the observance of Liberty Loan Sunday in the churches of the county next Sunday. Each minister has been asked to preach a patriotic sermon Sunday morning and it is requested that every church congregation in the county sing, "The Star Spangled Banner," at ten o'clock on Sunday morning. The song is being printed on sheets of paper and will be distributed among the churches of the county.

The observance of Liberty Loan day next Wednesday, as suggested in President Wilson's proclamation, is still under consideration here.

Noble township is talking about having a demonstration of its own that day. An entertainment committee has been appointed and is discussing the feasibility of a public meeting of some sort.

The actual figures on the subscriptions in this county to date, as reported by the banks, is \$295,850. Eleven of the banks reported yesterday, so that making allowances for subscriptions which may have been made since then, it is estimated that the total is near \$300,000.

So far as is known, this total includes only one bank subscription, that of the Glenwood bank, which has already taken \$20,000 and will take more. Other banks will make subscriptions on their own account, but they have not decided what the sum will be. All of the Glenwood bank's subscriptions, however, will not be credited to this county's quota, because the directors of the Glenwood bank have voted to divide the subscriptions between Rush and Fayette county since the bank has a large number of patrons in Fayette county.

The Manilla and Milroy banks have both passed their ten per cent quotas, being the first banks in the county to do this. The Milroy bank reported \$53,850 subscribed to the loan and Manilla, \$41,650. This means that they have subscriptions to the value of more than ten per cent of their total resources.

Several large subscriptions have been made in the last few days and other big ones are expected. Many are investing their money in Liberty Loan Bonds because of the gilded security they are recognized to be. Of course, every person who subscribes to the Liberty Loan is actuated by a patriotic motive, but the quality of the investment is continued on Page 8

SPEAKS AT LIBERTY LOAN MASS MEETINGS

**Senator Watson Addresses Immense
Crowds at Anderson and New-
castle on Tuesday**

BIG PARADE AT LATTER PLACE

Senator James E. Watson delivered two speeches at Liberty Loan mass meetings in Indiana yesterday, one at Anderson last night and one at Newcastle in the afternoon. He was greeted by large audiences at both places. Senator Watson's time is all taken up until the close of the Liberty Loan campaign October 27. He will make two addresses practically every day for the next ten days.

A parade estimated to be two miles long was held in Newcastle preceding the Liberty Bond meeting at the Coliseum. Two thousand school children marched in the parade and Red Cross nurses representing every state in the nation also participated. The police and fire departments and delegations from every township were in the pageant, which was led by the Maxwell band. Senator Watson reviewed the parade. The Coliseum was packed with people before the parade was over and those who marched had no opportunity to get inside the building.

STATE HAS BIG TASK AHEAD

**Must Subscribe \$7,278,000 Daily to
Reach Liberty Bond Quota**

(By United Press.)
Indianapolis, Ind., Oct. 17.—All counties in Indiana were today heard from for the first time in the Liberty Loan bond issue campaign, swelling the total to \$15,140,850. If the district's maximum allotment of \$95,200,000 is subscribed, \$7,278,000 must be raised daily.

GRAND JURY GOES IN SESSION TODAY

**Witnesses From Carthage and Glen-
wood Are Called—Family
Quarrel Investigated.**

HUTSON BOY WARD OF COURT

**Judge Finds Earl Stewart Legitimate
Son of Riley Stewart—Entitled
to Share of Estate.**

The grand jury was sworn in and instructed by Judge Sparks this morning and immediately started examining witnesses. The court's instructions were brief and it was stated that the grand jury would be in session only two or three days. The personnel of the grand jury was materially changed from that originally drawn for service, four of the jurors being excused and their places filled by the sheriff this morning.

E. A. Lee was appointed foreman of the grand jury, which in addition to Mr. Lee is composed of Alva Newhouse, John Cohee, R. P. Havens, Jesse Morris and William P. King. Thomas Scanlan was appointed grand jury bailiff by Sheriff Cavitt.

Something like fifteen witnesses were called for examination today. The witnesses were from Carthage and Glenwood. One of the cases to be taken up is the family quarrel between Jasper Dudgeon and his stepson, Jesse Vandiver. Dudgeon is alleged to have hit Vandiver with a poker Sunday afternoon. The report was started that Vandiver had been shot by Dudgeon, but this was denied. Vandiver appeared in the court house today with his left ear in bandages and it was stated he would appear before the jury.

Judge Sparks today returned a decision in the exceptions to the final report of the administrator, William O. Stewart, in the estate of Riley Stewart, holding that Earl Stewart is a child of the late Riley Stewart and entitled to share in the estate. He is to receive one-third of the balance for distribution, according to the ruling of the court.

The estate had previously been ordered settled between two children of the late Stewart, and then Earl Stewart, by his guardian, Sanford Heaton filed exceptions to the report, setting out that Earl Stewart was a legitimate child of Riley Stewart and entitled to one-third of the amount to be distributed.

John Franklin Hutson, one of the boys caught shooting craps on the sidewalk at the corner of Second and Harrison streets Saturday night, was made a ward of the court and permitted to go on his good behavior.

DIRECTS GERMAN ATTACK

**Hindenburg Reported to Have Land-
ed on Island of Oesel.**

(By United Press.)
London, Oct. 17.—Reports that Field Marshal Hindenburg had personally landed on the Island of Oesel to direct Germany's attack against Russia coupled with Petrograd's official statement indicating increased success of that campaign, created the widest interest here this afternoon.

TOLD THAT SOLDIER

PAID \$1 FOR SOCKS

**Rushville Woman Repeated Story in
Red Cross Headquarters Found
to be Falsehood**

ALLEGED TO BE LOCAL MAN

**Red Cross Officials Investigate and
Learn Truth—Character of
Stories Being Told**

Reports have been circulated all over the United States that the Red Cross is selling garments which are made by the various chapters, to the soldiers, and the story was known only by what had been read of it in the newspapers.

But it remained for a Rushville woman, who it is believed should have known better, to announce to a crowd of women in Red Cross headquarters the other day that a certain Rushville man who was a member of the infirmary of the 139th Heavy Field Artillery at Camp Shelby, Miss., wrote his wife here that he had to pay the Red Cross one dollar for a pair of socks.

She told the story for the truth. She may have been honest about it, but an investigation instituted by Red Cross officials revealed that it was a plain, unvarnished falsehood. It is this sort of thing that the Red Cross has had to combat elsewhere, but it was never brought home to Rush county Red Cross workers until this assertion was made in headquarters here. Red Cross officials knew it was false; many Red Cross workers in the room at the time knew it was untrue, but the story undoubtedly already has been repeated by many persons in Rush county who will not take the time to find out about the truthfulness of the statement.

Red Cross officials called the wife of this man who was alleged to have paid a dollar to the Red Cross for a pair of socks and she was astounded that such a story should have been told. There was found to be no foundation for it whatever; in fact, a relative of this man had knitted him three pairs of socks just before he left.

It is pointed out that this sort of thing serves to hinder Red Cross work by discouraging women who might be of some help. Many believe it. But it is such a thing as this which led Red Cross officials today to give out a statement recently made by Harvey D. Gibson, general manager of the American Red Cross:

"A story is being circulated to the effect that sweaters, socks, and other articles knitted for the Red Cross are being sold, either to the

EVANS WOOLEN NOT LIKELY TO ACCEPT

**Indianapolis Man Pleads Business
Interests Prevent Him From
Being Fuel Director.**

RED KEY SCHOOLS MAY CLOSE

(By United Press.)
Indianapolis, Ind., Oct. 17.—Evans Woollen has declined repeated requests from the national food administration to accept the position of fuel director for Indiana and probably will not take the job under any consideration, it was learned definitely today. He pleaded that his business interests prevented him from accepting the place.

Lieutenant Governor Edgar D. Bush this afternoon attempted to get in telephone communication with Federal Director Garfield to determine what should be done.

Reports from Red Key, Ind., to the public service commission said that schools would have to be closed Monday unless coal is supplied.

GERMAN EMPLOYE IS HELD

**Accused of Starting Stock Yards
Fire at Kansas City**

(By United Press.)
Kansas City, Mo., Oct. 17.—Police this afternoon announced the arrest of a German employe at the stock yards in connection with the alleged incendiary fire at the yards yesterday. The arrest was made by operatives of a private agency employed on the case. The man's name was not given out.

UNDECIDED ABOUT OPENING SCHOOLS

**Health Board Will Probably Decide
by Tomorrow Whether This
Would be Advisable**

ONLY 1 NEW CASE DEVELOPS

**Is in Family Where There is Already
Diphtheria—Families Released
From Quarantine**

The city health board had not decided today whether to reopen the schools Monday. The diphtheria epidemic is still prevalent and additional cases are being reported. Thus far this week the cases are confined to families where the disease has been, but as it is impossible to tell whether they will continue to be the case.

"If the new cases should develop in families already under quarantine," said a health official today, "this would be no bar to the opening of the schools."

The one additional case reported yesterday is in the family of Charles Stucker, corner of Willow and Ninth streets. His daughter, Lavada, 18, is the latest victim. Vivian, the other child suffering from the disease, is somewhat improved.

Both of these cases were critical. There are five in the Stucker family. A conference of the health board will likely be held today or tomorrow to determine the action to be taken with regards to opening the schools next Monday and the lifting the ban on under twenty-one years of age from attending a public gathering.

So far this month a total of fourteen new cases have been reported to the health board. Only two of these cases have developed this week and the general situation, according to the board of health, is better. Whether the epidemic has improved to such an extent that it is advisable to open the schools is yet to be determined.

The board expects additional cases, especially in families under quarantine, but at the same time families are being released from the quarantine every day. It is impossible to give the exact number of cases here now as the board has not figured up how many families have been released. It is stated with certainty, however, that the number is not as large as a week ago, when twenty-six cases had been reported.

ASK FOR FREIGHT INCREASE

**Eastern Roads Want 16 Per Cent
on All Commodities**

(By United Press.)
Washington, Oct. 17.—Permission to file a petition for a blanket rate increase of 16 per cent on all commodities not favorably acted upon by the interstate commerce commission in its June 30 decision was asked this afternoon by the eastern railroads.

At the same time George S. Patterson, spokesman for the railroads at the formal hearing before the commission, served notice that the eastern carriers would again request more drastic rate increases soon.

SALARIES OF TWO

OFFICIALS RAISED

**Council Acts on Resolution of Dem-
ocratic and Republican Com-
mittees Suggesting Increase**

FOR MAYOR AND TREASURER

**Financial Report of Treasurer
Shows \$22,526.68 on Hands on
First of October**

Acting on a resolution presented some time ago by the city chairmen of the democratic and republican parties, the city council last night passed a salary resolution, increasing the salary of the mayor and the city treasurer. The mayor's salary was increased from \$450 to \$600 a year and the city treasurer's salary was placed at \$1,050 a year instead of \$900.

The resolution establishes the salaries of the elective officers effective January 4, 1918 and running until 1922. The clerk's salary was left at \$600 a year, the city attorney at \$200 a year and the councilmen at \$100 each. Under the law a councilman in the fifth class cannot receive more than \$100 a year.

Both political parties petitioned for the increase and for this reason there can be no politics in the salary increase. The original resolution asking for the increase was signed by Will Leach, democratic chairman and Grant Gregg, republican city chairman.

The question of supplying river water to the Big Four railroad was again up for discussion. It has been estimated that it will cost seven cents a thousand gallons to supply the water and the council believes the city should receive at least 60 cents a thousand cubic feet for the water. The question was left with the water and light committee.

Judge Douglas Morris appeared before the council regarding a "creeping" meter which ran his light bill to almost double the usual amount for the quarter ending in June. It was found that an electrical storm had damaged the meter so that it registered regardless of whether any lights were being used. The matter was left with the committee for adjustment.

A communication was read from Lieutenant Governor Bush asking the city not to offer any bonds for sale while the Liberty Loan bond campaign was on. As the city is not contemplating any bond issues, this matter will in no way affect the city.

CHIEF OF POLICE HAS A NEW JOB

**He is Named Deputy Food Adminis-
trator for Rush County by
Harry C. Barnard**

WHAT HIS DUTIES CONSIST OF

Chief of Police Yakey has a new job in addition to his duties as policeman. He has been named deputy food administrator for Rush county by state administrator H. C. Barnard and has taken his oath of office. There is no salary attached to this new position and it is another step in the Hoover campaign to conserve and better the food supply.

Mr. Yakey will try to interest hotels and restaurants in the campaign and as membership in the organization is free he believes all of these institutions here will cooperate. When a hotel or restaurant joins the movement a membership card is issued and this is posted in a prominent place calling the public's attention to the fact and urging that the food supply be conserved.

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

Cylinders Full of Carbon?

Let us remove it. Our process is quick, sure, economical. Let us help prevent it too.

High grade gasoline and the correct oil are important. We supply both.

THE BUSSARD GARAGE

Use varnish that lasts

The main expense in varnishing is labor. Don't put on varnish that looks well only when new and won't last long enough to pay for the cost of putting it on.

We sell and recommend Murphy Varnishes on account of their extra durability.

WILL HAVE 14,000 AT HATTIESBURG

Indiana Will be Represented by This Number of Men When Drafted Men are Changed

EQUIPMENT IS LACKING NOW

Camp Shelby is Entitled to 7,000 Men From Camp Taylor—6,000 Going at Once

Hattiesburg, Miss., Oct. 17.—With the arrival of the 2d regiment, Indiana has her full quota of federalized national guardsmen at Camp Shelby. The Indiana outfits in the camp consist of a field hospital from Indianapolis, one from Frankfort, ambulance companies from Frankfort, Marion and Indianapolis, a signal company from Indianapolis and one from Ft. Wayne, three companies of engineers, one from Terre Haute and two from Indianapolis; three troops of cavalry, one troop from Evansville, New Albany and Indianapolis.

The cavalry came here a complete squadron of four companies, but one company from Indianapolis was transferred to artillery. Indiana has four regiments, two of artillery and two of infantry. The 3rd and 4th Indiana were transferred to artillery under command of Brigadier-General H. P. Whitney. The 1st and 2d remain as infantry, under command of General E. M. Lewis, who is also camp commander. Indiana also has a machine gun battalion, composed of three companies, and a number of regimental infirmaries, and has a large share in the operation of the base hospital.

Under the new formation the 1st and 2d Indiana, known as the 150th and 151st infantry, respectively, will each have 3,600 men and officers when at war strength, and to fill them 1,890 selective men from Camp Taylor, at Louisville, will be added to the 1st and 1,780 to the 2d. The Indiana signal battalions will require 240 men, the engineers about 250, the machine gun battalion about 200. The 3d Indiana will receive about 240. The cavalry squadron will be broken up and distributed among the infantry regiments. Camp Shelby at the present time is entitled to about 7,000 of the selected men from Camp Zachary Taylor and General E. M. Lewis has asked for 6,000 to be sent here within the next two weeks.

TOLD THAT SOLDIERS PAID \$1 FOR SOCKS.

Continued From Page 1

publie in shops or direct to the soldiers. This is emphatically not true. No articles whatever, either knitted or otherwise made by Red Cross workers and turned into any Red Cross Chapter, Branch, or Auxiliary, or to any supply warehouse, are sold either to the soldiers or in shops.

"If any wilful case of this sort should come to the attention of headquarters, the Charter of the Red Cross Chapter or subsidiary sanctioning it would be immediately withdrawn with full publicity. Should it transpire that an actual instance of the above character occurred wherein an individual sold articles after their having been turned in to the Red Cross, such action would be clearly in violation of the fundamental law covering the Red Cross, and we would take vigorous steps to prosecute the offender.

"It is also true that any case of persons, other than those acquiring the right prior to January, 1905, using the name or emblem of the Red Cross to assist in the sale of merchandise, is a violation of the provisions of the federal criminal law, and the offender should be reported to the United States district attorney for prosecution.

"There is no way to prevent people from making the same type of articles as are produced by Red Cross workers and selling them for their own advantage, thus subjecting the Red Cross to unjust criticism. Should they use the name or emblem of the Red Cross in connection with such sales, however, they will be vigorously prosecuted."

Kokomo—Anna Erwin and Edna Patty bummed their way to Delphos, O., where they were arrested and returned to this city.

JOHN WESLEY MULL IS DEAD

Prominent Farmer of Walker Township Expires This Morning.

John Wesley Mull, 62 years old, a prominent farmer of Walker township died this morning at 9:15 o'clock at his home in Homer, following a short illness from pneumonia. Mr. Mull had been ill for about three weeks, critically since last Sunday. He had lived in Walker township all his life and was widely known.

He is survived by his widow and three sons, Clyde, Howard and Walter Mull. He is also survived by one sister, Mrs. Emma Johnson of near Gings.

The funeral services will be conducted Friday morning at 10 o'clock in the Baptist church in Homer and burial will take place in the Hurst cemetery.

IOWA IS WET TODAY

Des Moines, Iowa, Oct. 17.—After switching back and forth between the wet and dry column the result of Iowa's prohibition amendment election yesterday today rests in the wet section with a majority of about two thousand. With only nineteen precincts still missing it was considered a wet victory until the official count is made.

FLOUR MILL BURNS WITH \$100,000 LOSS

Building Owned by Acme-Evans Company in Indianapolis is Destroyed by Flames

NO FLOUR OR GRAIN BURNED

Indianapolis, Ind., Oct. 17.—Fire last night destroyed a five-story flour mill which was owned by the Acme-Evans Company at 852 Washington avenue, causing a loss estimated at \$100,000. The presence of some foreign substance in the wheat, probably a nail or small piece of iron, which got caught in the machinery as the grain was being cleaned and ground, is thought to have caused so much friction that a hot box resulted, setting fire to the wooden grain chutes and thus spreading to other parts of the building. No flour or grain was stored in the mill.

The flames were first discovered by workmen on the third floor shortly after 7:30 o'clock, and efforts were made to control them with fire extinguishers. They spread so rapidly, however, that it soon became evident the fire could not be combated in this way with any hope of success, and the first alarm was turned in at fire headquarters at 7:45. Persons passing the building shortly thereafter saw tongues of flame darting from the third floor windows, and three more alarms were turned in from five boxes in the neighborhood.

Seymour—A government job in Seymour has gone begging. No one can be found to do the work of chairwoman at the postoffice, although the job pays \$300 yearly.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

MOLINE Universal Tractor

As Powerful as 5 Horses
Does as Much Work as 7 Horses
Costs Less than 4 Horses
Requires Less Care than 1 Horse
Less Room than 1 Horse
Eats Only When it Works

The Ideal Tractor

No other tractor on the market will do such a great variety of work, nor is as correct in design and construction as the Moline-Universal. It makes the horseless farm possible. It pulls the usual 5-horse load—will do as much work as 7 horses, owing to its greater speed and endurance. It can be used for plowing, harrowing, planting, cultivating, haying and harvesting—in fact, all field work, and will deliver 15 horse-power on the belt.

A Real One-Man Outfit

The Moline-Universal is easier to handle than a team of horses, weighs about the same, turns in a 16-foot circle and will back with the implement attached. It is compact, simple, close-coupled, a wonderful puller and carries no dead weight. And best of all, it is operated from the seat of the implement attached. This permits one man to operate both tractor and implement.

Cut the Cost of Horse Labor

The cost of horse labor is almost one-half the gross operating expense on the average farm. A farm horse averages only 3 1/2 hours work a day through the entire year, and tires in six. It costs from 12 to 14 cents per working hour to maintain a horse, and requires 25 minutes a day to care for him, or fourteen ten-hour days a year.

And yet there isn't enough power to plow as deep as scientific methods require; to harrow more frequently, so that organic matter will be utilized, moisture conserved, and a good state of soil tilth maintained; to cultivate more frequently; and to harvest at the proper time.

Let us tell you how the Moline-Universal Tractor can reduce the cost of power on your farm. It will pay you.

WALTER G. DUKE

Healthy Skin Depends on Kidneys

The skin and the intestines, which work together with the kidneys to throw out the poisons of the body, do a part of the work, but a clean body and a healthy one depends on the kidneys. If the kidneys are clogged with toxic poisons you suffer from stiffness in the knees in the morning on arising, your joints seem "rusty," you may have rheumatic pains, pain in the back, stiff neck, headaches, sometimes swollen feet, or neuralgic pains—all due to the uric acid or toxic poisons in the blood. This is the time to go to the nearest drug store and simply obtain a 50c. package of Anuric (double strength), the discovery of Dr. Pierce of Buffalo, N. Y. Then drink a cup of hot water before meals, with an Anuric Tablet, and notice the gratifying results. You will find that Anuric dissolves uric acid almost as water does sugar.

OPERATION AVOIDED.

Lafayette, Ind.—"Three years ago I was taken to the hospital—all arrangements made for an operation, but when the doctors were uncertain as to whether it was to be for appendicitis or woman's trouble I insisted upon being taken home until they were of one opinion as to my ailment. Then a friend told me what wonderful remedies Dr. Pierce's were, selling right from the drug shelves, and thought they might give me relief. I bought a bottle each of 'Favorite Prescription' and 'Golden Medical Discovery' and a box of 'Lotion Tablets.' These relieved me of a catarrhal condition, all abdominal pain, etc. But I took the medicines for almost a year to make sure of a complete recovery. Today I am in absolutely good health."—Mrs. U. S. CRITZER, 414 Union St.

An Appeal to Every Class

Thousands of our young men are already in France, ready to plunge into the fiery furnace of war; thousands more have been mobilized in camps over this country to prepare for battle. All of these men must be properly equipped, provisioned, munitioned. To send them into battle otherwise would be murder.

Who should buy Liberty bonds? The answer is obvious—every man, woman and child who is earning money. Our National Army is gathered from every nook and corner of our great country; not a spot is too remote to feel the hand of the draft.

Purchase of these bonds, providing the funds with which to support these men, should be as universal. The banks and "big business" can well afford to take millions of this second issue, and will take them; but is this war in the interests of the financial powers of the nation?

To say this is to discredit the president of the United States; to say this is to overlook the struggle of heroic France, the crushing of little Belgium, the atrocities of the German military machine.

The people of the United States, high and low, should rally to the support of the country against German autocracy and the brutalities of the "boche."

When the first loan was floated the banks and big corporations took the major portion of the bonds; today the farmer, the tradesman, the common people generally are appealed to in the hope that the altruistic motives of our government in supporting the cause of civilization will arouse them to give unstintingly of their surplus wealth to make the path of the soldiers who must fight and suffer in the trenches of Europe.

Horse Meat For Food

A French chef in this country says that France has had horse meat shops ever since the Franco-Prussian war, when the people were reduced to such dire straits that they had to eat horses cast off by artillery and cavalry. He continued by saying that horse meat may be as common as beef in the years to come because of the manner in which motor driven vehicles are replacing the horse everywhere. The meat sells for eight cents a pound and is said to be very good.

C. E. Wentworth of the horse market department, Union stockyards, Chicago, says that the "meat of young horses is sweet and tender," while aged horses "are good for stews." Many a toothsome rag is no doubt put on the unfit list that makes many pounds of good meat.

But why not horse meat? It is easy to imagine that it may be served on Rush county tables in the years that are not far in the future. Things much less improbable have come to pass in the last score of years.

A high official of the American Federation of Catholic Societies, with some 3,000,000 members and upwards of 10,000,000 affiliated men, has the following to say regarding the second Liberty loan:

REAL ESTATE MEN OPEN CONVENTION

State Association Holds Meeting in South Bend—Two Cities After Next Meeting

GOVERNORS MEET TONIGHT

(By United Press.)

South Bend, Ind., Oct. 17.—The annual convention of the Indiana Real Estate Dealers association opened here today. A lively contest is on between Kokomo and Terre Haute for the honor of entertaining the next year's convention. Indianapolis, Evansville and other Southern Indiana cities are backing Terre Haute.

The board of governors will meet tonight preliminary to the starting of business sessions tomorrow. Committee meetings will also be held tonight.

Among those who will deliver addresses during the three day session will be John Barrett, director general of the Pan-American Union, Washington, D. C., who will speak on "The Might Meaning of War for the United States and Pan-American." Frank G. Hatfield, trustee of Indiana University; H. H. Friedly, state fire marshal; T. A. Lowry, real estate advertising manager for the Chicago Tribune; and Dwight H. Perkins, chairman of the city planning commission, Evansville.

"Catholics of America have ever done their full share in men and money in support of the republic. They will do their full share now in the matter of this second Liberty loan, and you can say that Catholics will do their full share of any task which President Wilson maps out for them."

Better not give too great publicity to the shortage of school books in Germany. There are enough pro-Germans in this country without enlisting the schoolboys.

"Shake-Up For Police."—Headline. Sort of a rousing of the bulls, as it were.

MAKE WORLD HAPPIER

(By Marguerite Clark, Famous "Movie" Star.)

I am glad to have the opportunity to state why I think everyone should take part in this second Liberty Loan. Every subscriber is "doing a bit" for the country.

Success must come to the Allies, or most of the civilized world will be under the domination of a government that has proven itself to be antagonistic to the principles under which we have lived and hope to live, and it seems plain that to insure success, America's assistance is necessary, in men and money. What a wonderful privilege to help in such a cause! No other investment in the history of the world has meant so much or was so well served—by the guarantee of the richest country in the world. The people, far and wide, are sure to recognize this and by over-subscribing the loan, send "over there" an evidence of America's determination. The fact that the investment is so good should not weigh with us so much as the satisfaction and pride of having done our duty and helped to make the world happier in the future of our men, women and children.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them. 25c. and 50c. per box. All druggists.

We Have Them

We bought them last April before the advance in price. They are nice, comfortable, good looking, easy riding, sliding doors, nice curtains, 24 inch lazy back and a lot more good things that you have to see to appreciate.

We want you to see them and if you need a Storm Buggy why not buy the Best, when you buy it for less money than you can some other make.

We were fortunate this year in securing the ZIMMERMAN line of STORM BUGGIES, the one line that no one can truthfully say is not the best on the market and by early buying, we were able to get them at a price that makes it possible to sell them to you at a little below the price of other makes, that are not so good.

There are lots of people in Rush County, who have owned ZIMMERMAN BUGGIES. Ask them how they wear? They will tell you they are the best buggy they ever owned. Let us show you these buggies before you buy. If you don't when you see your neighbor's you will wish you had.

Seed Corn Selection Week October 15th-20th

We urge you to select and store the best quality of Seed Corn you can pick. Good quality, early selected and properly dried seed will mean an increase in the 1918 corn crop.

We are interested in this campaign for better seed corn, for we know the corn crop is the basis of our county's prosperity and we are glad to donate this space to the state food committee which has this campaign in charge.

As always, our store is full of bargains and we invite you to make our store your daily marketing place.

County News

Glenwood

Mrs. C. A. Holmes and sister have returned from Lionsville where they attended a family reunion at the home of Mrs. Malinda Scholl.

Albert Washam of Chicago visited friends here last Friday.

Mr. and Mrs. John Ricketts of New Salem visited the former's sister here one day last week.

Mr. and Mrs. Otto Winchell of Indianapolis visited Mr. and Mrs. Lew Matney here over Sunday.

Mrs. Jessie Holmes has returned from a ten days visit with friends and relatives in Hamilton, Ohio.

Earl Ruff's new bungalow is almost completed and the family expects to move into it about November 1.

Miss Ola Hollway has returned from a five days stay in Indianapolis.

The women of the M. E. church will give a masquerade and supper at the Osborn hall on Halloween eve, October 30. There will also be a fiddlers contest and other amusements. The proceeds will be used to decorate the interior of the M. E. parsonage. Everyone is invited.

SALARIES OF TWO OFFICIALS ARE RAISED

Continued From Page 1
The usual bills for the board of health caused by the diphtheria epidemic were paid. The bills last night for antitoxin and medical attention amounted to \$199.80. Every epidemic of contagious disease hits the city more or less hard and it is necessary to supply the board of health with the necessary medicine for those unable to pay for it.

The council met today at noon to allow the pay of the street employees. The street commissioner was out of the city yesterday and the pay roll was not made out. In order to give the men their money the adjourned session was held.

The financial report of the city treasurer for the month of September was approved by the committee. The report shows that the close of business Oct. 1 the city had on hands the sum of \$22,526.68. The financial statement shows that \$12,405.02 of this sum is in the general fund and \$8,918.37 in the water and light fund. This \$8,918.37 in the water and light fund remains after about \$10,000 had been paid out for water meter rebates.

The amounts in the various funds follow:	
Street oiling fund	\$ 63.91
Sewer fund	740.29
Street improvement fund	399.09
Water and light fund	8,918.37
General fund	12,405.02

Total	\$22,526.68
This money is deposited in the following manner:	
Rush Co. National	\$7,230.67
Rushville National	6,075.82
Peoples National	3,941.77
Peoples Trust	2,649.79
Farmers Trust	2,583.97
Cash in office	44.66
Total	\$22,526.68

SHOWS VALUE OF GOOD SEED CORN

Experts At Purdue Make Recommendations to Farmers in Preparation For Campaign

SHOULD BE TAKEN FROM FIELD

(By United Press.)
Lafayette, Ind., Oct. 17.—Experts at Purdue university, in preparation of the campaign which they are conducting this week to induce farmers to select good seed corn, today issued the following recommendations:

"Adopt the successful business man's motto, 'I do the most important thing first'—Select seed corn now.

"Small yields due to poor seed corn can be prevented.

"Seed corn selected from the field before the first killing frost is the very best seed for next year's planting.

"Select two or three times as much most mature and best developed plants.

"Save ears only from hills having a full stand.

"Select two or three times as much seed corn as is needed for planting.

"Hang the selected ears in a dry and well ventilated place immediately after gathering.

"Corn is one of the cheapest methods of increasing the yield per acre.

"It is unsafe to select seed corn from the shock or crib."

SERBIANS IN COURT

(By United Press.)
Indianapolis, Ind., Oct. 17.—Three Serbians were to be arraigned in Federal court here today on the charge of conspiring to obstruct recruiting of the National Army. They were arrested following a riot at a meeting of foreigners at Crown Point on Sunday, Sept. 11. The men are George Ciarvich, Rada Zarich and Peter Kirvokapich. Five other foreigners are held in the Crown Point jail on a charge of assault and battery with intent to commit murder, in connection with the riot.

The Hot Blast Air Tight FLORENCE

Beware of imitations or people who claim to have a stove like or just as good as the FLORENCE. Do not be deceived by such false claims and find it out when too late. Examine the Florence carefully before you buy.

The FLORENCE will burn wood as well as coal and will burn coal better than any other stove made.

The Only Absolute Smoke Consuming Stove on Earth.

No Smoke! No Soot! No Dirt! No Clinkers!
Everything is Consumed!

The only jointless leg bottom and base with full radiation and large ash pan that is on the market or has ever been made in the history of the stove industry.

The jointless leg bottom and base makes the stove air-tight below the grate, which is the only true fire keeping principle.

It will be as good a fire keeper twenty years hence as it is today.

The HOT BLAST AIR-TIGHT FLORENCE will heat twice the space that can be heated by any other stove on earth at one-half the cost. The only perfect floor heater that is or has ever been made.

All features are patented and no stove manufacturer, dealer or user can copy or use same until the expiration of the patent without incurring liability for an action for damages.

If the FLORENCE is operated according to directions:—

The No. 153 will heat from 3 to 4 ordinary rooms all winter with 4 tons of slack or lump coal.

The No. 155 will heat from 4 to 5 ordinary rooms all winter with 6 tons of slack or lump coal.

THE HOT BLAST AIR-TIGHT FLORENCE burns soft coal, wood, slack and all the smoke and gasses. No filling up of the stove pipe or flue with soot. It will produce one-half less ashes than any other stove on earth with any kind of fuel and leave no clinkers or half consumed fuel.

Prices from \$23.00 to \$40.00 Why pay \$10.00 to \$15.00 more for other makes of stoves when they will not equal the FLORENCE.

FIGHT FOR YOUR LIFE

Duty Demands Robust Health

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ill and ails. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ill after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains these mighty strength-producing agents, leucithin-and-iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, sallow, pale complexion that "all in" feeling and frail bodies are due to lack of leucithin-and-iron peptonate in the system.

Your mental and physical strength and endurance depends upon a leucithin-and-iron peptonate laden blood, steady, dependable nerves and a healthy stomach. With these you can meet life at any angle.

This wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a boon to run-down, worn-out men and women. Hypoferrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The powder and paint way of effecting beauty is not needed by hypoferrin women and girls. Their blood, filled with nature's beauty stores, creates conditions that give firmness and grace to the body and the glow of health to the cheeks.

No need of going through life sickly and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life to your body and mind that inspires the confidence that you confront the world on an equal footing with anyone.

Hypoferrin may be had at your druggist or direct from us for \$1.00 per package. It is well worth the price. The Santal Remedies Co., Cincinnati, Ohio.

Society

Social Calendar

Thursday

Grand club with Mrs. George Aultman, 301 West First street in the afternoon.

Yomo club with Mrs. Howard Ewbank, 903 North Perkins street, in the afternoon.

Woman Home Missionary Society with Mrs. John Jordan, in the afternoon.

Happy-Go-Lucky club with Miss Leonora Norris, 728 North Morgan street at noon.

Thursday Bridge club with Mrs. Ben Hume, at her home southeast of this city, in the afternoon.

Mrs. M. M. Coyne entertained with a Halloween party this afternoon at her home in North Sexton street, honoring her house guest, Mrs. Al T. Simms of Cincinnati. The only light in the pretty parlors was shed by pumpkin faces, which peeped out from secluded places in the rooms. Pretty Halloween decorations were used on the table, where the elegant luncheon was served and miniature witches were given the guests as favors. The guests included Mrs. William Fitzgerald, Mrs. Ed Bishop, Mrs. Mike O'Neal, Mrs. William Couch, Mrs. Robert Williamson, Mrs. Anthony Schriebe, Mrs. Catherine Horr, Mrs. Thomas Kirk, Mrs. Joseph Buschmohle, Mrs. Thomas Canley, Miss Bridget Kelly, Mrs. Al Simms, Mrs. Charles Moorman, Mrs. Nellie Abercrombie and Mrs. Bert Moorman.

Guests arriving from a distance to attend the wedding of Miss Marguerite Frenzel of Indianapolis and Eugene Miller, son of Mr. and Mrs. B. F. Miller of this city, which will take place at the home of the bride's parents in Indianapolis, this evening are Miss Margaret Boyd of Memphis, Tenn., Miss Ruth Lawton of Brooklyn, New York and Mr. and Mrs. Miller of this city. The attendants will be, Mrs. E. B. Mumford, sister of the bride, matron of honor and Lieutenant Leslie Maxwell, best man.

Mr. and Mrs. H. N. Jeffry will entertain with a six o'clock dinner this evening at their home in Falmouth, honoring the birthday of Mr. Jeffry. Yellow and white will be the pretty color scheme used in the appointments of the dinner and the guests will include Mr. and Mrs. Donovan Robinson and family, Mr. and Mrs. David Jeffry and Mr. and Mrs. E. R. Jeffry and family.

Complimentary to Miss Rye Whitton, Mr. and Mrs. John H. Frazee and Mr. and Mrs. Walter Frazee entertained with a pitch-in dinner yesterday at their home in North Harrison street, in celebration of her birthday. Aside from Miss Whitton, covers were laid for Mr. and Mrs. Frank Reynolds, Mr. and Mrs. Ezra Hinkle and Mr. and Mrs. John Morris and family.

Mr. and Mrs. Gunn Haydon entertained yesterday at their home in North Main street, honoring Mrs. W. B. Haydon and Mrs. Newton Gay and children of Nicholasville, Ky. At noon a delicious three course dinner was served. Aside from the guests of honor, covers were laid for Mr. and Mrs. Ben Hume and Mr. and Mrs. Elmer Hume.

The members of the O. N. T. club enjoyed a delightful gathering with Mrs. George Young yesterday at her home in North Main street, about thirteen being present. The guests sewed and knit for the Red Cross, and the hostess served a delectable salad course. In two weeks Mr. Sam Young will be hostess to the club.

There will be a call meeting of the active members of the Ladies Musical Thursday evening at the home of Miss Leonora Norris, at her

home in North Morgan street, at 7:30.

A Halloween party was given by Mrs. John Rosenerane last evening in the form of a pitch-in supper at her home in North Perkins street.

Announcement has been received here of the wedding of Miss Alida Swain, of Chicago formerly of Richmond, and William Howard McCormick of Chicago, which took place Saturday, October 6. Mr. and Mrs. McCormick will spend the winter in Florida, after which they will make their home in Chicago. Mrs. McCormick has visited in this city on several occasions and has many friends here.

Amusements

The Gem will show Mary Miles Minter in, "Annie For Spite," for the program tonight. The little juvenile star is said to be shown at her best in this picture. Tomorrow Gladys Brockwell will be shown in the feature drama, "Her Temptation."

The Princess offers Viola Dana and Augustus Phillips in "Threads of Fate," for the feature picture tonight. It is said to be a fine drama, with many big scenes. In addition, "Pathe Weekly," showing the latest current events will be shown. Tomorrow Antonio Moreno and Mary Anderson will be seen in the drama, "The Magnificent Meddler."

Here's your chance for a real laugh so don't miss it. Laughs of the genuine kind are too few and far between for any to be over looked. "Johnny Get Your Gun" John Cort's hilarious gloom chaser, which was one of the riotous screams of Broadway at the Criterion Theatre, for the best part of last season, will be the week's attraction at the Shubert Murat Theatre, Indianapolis commencing Monday October 22d with matinees Wednesday and Saturday. "Johnny Get Your Gun" is not a musical comedy. It is a farce 24 carat pure, bristling with screamingly funny situations, built around a story involving a big hearted cowpuncher, a fortune seeking Duke and a girl about to be sacrificed to Mammon. The action moves with the swiftness of a submarine chaser under full steam.

You'll like "Johnny Get Your Gun" because Johnny Wiggins, the original character is a new type westerner, a type that rings true and one which Westerners themselves take to their hearts and pronounce real. Louis Bannison, himself of the West took New York by storm when he first appeared in the star role. Blase Broadwayites were won completely by the charm of his personality and by the striking originality of his creation. He was acclaimed a genuine star of brilliant promise and this prediction has been echoed by audiences in every city. He is supported by the original New York cast and the production is the identical one which caused New York to rave.

"Johnny Get Your Gun" concerns the adventures of Johnny Wiggins a "stunt" rider in Los Angeles moving picture studio. The play opens with a prologue laid in the camp of a "canned drama" plant. Then it shifts to a fashionable Long Island country home where Johnny goes to save the sister of his pal. But why tell more and spoil it all. See it and forget that grouch. Its real entertainment that is well worth while.

The splendid cast will include Theodore Babcock, Lorraine Frost, Echlin Gayer, Bera Finaly, Louise Makintosh, Jane Carlton, Robert Homans, Ellis Baker, Roy Cochrane and Clyde North.

The Murat Theatre agent here is Hargrove and Mallin and tickets can be had there for any performance.

WAS OVERSUBSCRIBED

(By United Press.)

Washington, Oct. 16.—The treasury department's offering of \$300,000,000 treasury certificates of indebtedness were oversubscribed, the treasury department announced today.

The United States Government Food Administrator Says:

"Baking Powder Breads of corn and other coarse flours are recommended"

ROYAL BAKING POWDER

ABSOLUTELY PURE

Makes delicious muffins, cakes and coarse flour breads

CORN MEAL MUFFINS

3 cups corn meal
1 1/2 cups flour
1/2 teaspoon salt
4 level teaspoons Royal Baking Powder
2 tablespoons sugar
1 cup milk
2 tablespoons shortening

NUT BREAD

3 cups graham flour
5 level teaspoons Royal Baking Powder
1 1/2 teaspoons salt
1 1/2 cups milk and water
1/2 cup sugar or corn syrup
1 cup chopped nuts (not too fine) or 1 cup raisins, washed and floured

Mix thoroughly dry ingredients; add milk and melted shortening and beat well. Bake in greased muffin tins in hot oven about 30 minutes.

Our red, white and blue booklet, "Best War Time Recipes" containing additional similar recipes, sent free on request. Address Royal Baking Powder Company, Dept. H, 135 William Street, New York

CAN'T GET GOODS FOR ARMY SHIRTS

Mrs. A. L. Stewart Learns They Can't Possibly be Made Here Because of Shortage

CONFERENCE IN INDIANAPOLIS

While in Indianapolis yesterday attending a conference called by the League for Women's Service, Mrs. A. L. Stewart, the woman's representative on the County Council of Defense, learned that it would be absolutely impossible to get goods to make army shirts, as was once contemplated here. Mrs. Stewart says she learned that several Rush county women had been writing in for them to inquire about it because yardage can not be provided.

Last summer Mrs. Stewart was asked to get fifty women to make shirts and she did it. The government was to pay 44 and four-fifths cents each, but ten cents was to be deducted for mistakes and a certain sum to cover transportation expense. Later Mrs. Stewart was notified no more stations would be opened because of a shortage of goods, there not being enough to supply the demand at Jeffersonville, where there is a government supply station. There is a report current

that the work is being done in many towns, but Mrs. Stewart says this is incorrect.

The conference of women was addressed yesterday by Miss Parker of New York who has returned from a visit in France and England. She told of her experiences and the lessons American women might learn from the French and English regarding women's service in the war.

EXPLOSION ON U. S. BOAT

(By United Press.)
Washington, Oct. 17.—Dennis Shea of Brooklyn, New York, and Vance I. Perkinson were seriously scalded in an explosion on a United States scout patrol vessel off an Atlantic port last night, the navy department announced today. The accident was due to defects in the boiler.

Frankfort—Charges of disorderly conduct have been filed against policeman John Laymon by Floyd Fletcher, a taxi driver, who alleges Laymon acted as bar tender at a keg party held on the Thompson farm near here.

Gary—Three men indicted by the last grand jury had died when the indictments were returned. They are Mike Miskin, democratic leader; Rose Cooper and Phil Mekatinsky, prominent business men.

Brazil—Roger Lambert was kicked by a horse when he was turning the animal loose in a pasture.

Days Pickings

Dr. W. W. Arnold of Colorado Springs, Colorado, who is visiting here, talked to the Arlington school yesterday about birds, a subject which he has studied closely and on which he is an authority. The Arlington school children were very much pleased and applauded Dr. Arnold vigorously. He visited Mr. and Mrs. Charles Arnold and family of Arlington yesterday, which was the occasion for him speaking in the school there.

William A. Posey, former clerk of the circuit court, was operated on for bladder trouble at a Cincinnati hospital yesterday and was reported today to be recovering from the effects of the operation. In ten days he will undergo another operation. His son, Fred Posey and Dr. D. H. Dean were present at the operation.

The Pie Social, which was to have been held at the Circleville school house, Friday night, has been postponed indefinitely.

Mr. and Mrs. T. J. Hume are moving from Circleville to 123 West Third street.

Walter Peters, who has been ill for the past three weeks, is slowly improving.

—Mrs. R. H. Hill of Carthage visited friends here today.

REACHES THE GOAL LONG STRIVEN FOR

Indiana Is Admitted To The "Birth Registration Area" By Federal Government

WHAT IT MEANS TO STATE

In Order to Reach This Position, 90 Per Cent of Births Must Be Reported

(By United Press.)

Indianapolis, Ind., Oct. 17.—Indiana has been admitted to the "Birth Registration Area" by the federal government. Following a careful examination of the records in the state by federal investigators, the state today for the first time stands among the foremost in the country in this matter.

This announcement was made today by Dr. J. N. Hurty, secretary of the state board of health, through the United Press.

The goal has been striven for by the state board of health for ten years and announcement of the success of the efforts caused rejoicing among officials.

Federal investigators found that 92.7 per cent of all births were registered leaving a delinquency against the doctors and midwives of 6.3 per cent. In order to be admitted to the registration area, 90 per cent of the births must be recorded.

In making the announcement today, Dr. Hurty also issued the following statement:

"The foundation of public health conservation is correct vital statistics. Vital statistics constitute the bookkeeping of humanity. In considering the progress of nations the first questions are: What are the birth and death rates? What is the quality of the birth product as determined from morbidity and mortality rates? Also, what is the quality of the birth product as determined by the number and rates of the insane, the criminals, the feeble minded and the delinquents?"

"If the birth rate runs only slightly above the death rate the nation is retrogressing. If the birth rate runs parallel or is lower than the death rate, the nation is dying."

"The vital statistician is the navigator of the ship of state. To the statesman he gives the figures which in their final essence, show us our social latitude and longitude on the sea of progress."

"The doctor who neglects or refuses to report, as the law commands, all of his cases of listed diseases and the deaths and births he attends, is a poor citizen, and all such delinquents should be avoided by the people. The instances are numerous where the failure to report births has lost property to children as well as life insurance and pensions. And now, every day, applications are received at the state board of health for transcripts of births from foreign countries and from persons who must prove their nativity and age for legal purposes."

"Well, the honor of admission to the birth registration area has arrived, and Indiana is to be congratulated. The state board of health now appeals to the mothers, to the doctors, and to all citizens to lend their further good offices in making our vital statistics still better and in raising the public health standard."

OVERWORKED, TIRED WOMAN TOOK VINOL

Now She Is Strong and Hearty

Philadelphia, Pa.—"I was overworked, run down, nervous, could not eat or sleep. I felt like crying all the time. I tried different remedies without benefit. The doctor said it was a wonder I was alive, and when Vinol was given me I began to improve. I have taken eight bottles and am now strong and perfectly healthy in every respect, and have gained in weight. I can not praise Vinol enough."—Mrs. Sarah A. Jones, 1025 Nevada St., Philadelphia, Pa.

We guarantee Vinol to make overworked, weak women strong or return your money. Formula on every bottle. This is your protection.

COUNCIL APPROVES LIST OF INSPECTORS

Machinery For City Election November 6 Is Set in Motion—Ballots Can't be Printed

HELD UP BY COURT DECISION

The election machinery for the city election November 6 was put in motion last night by the city council when it approved the list of inspectors submitted by Grant Gregg, republican city chairman. The inspectors follow: First precinct, W. H. Amos, Second precinct, James V. Young; Third precinct, Wash Allen; Fourth precinct, Homer Cole; Fifth precinct, M. V. Spivey; and Sixth precinct, William A. Allen.

The clerks and judges are yet to be selected. The election supplies, excepting the ballots are all here. The ballots cannot be printed until the supreme court decides the constitutionality of the suffrage law because at this time it is impossible to determine the number needed.

The legal advertisement calling attention to the election has been published and the posters were placed in the various precincts today.

OHIO HONORS HER CIVIL WAR HEROES

Monument Erected at Lookout Mountain Formally Dedicated—Governor Speaker

NAMES INSCRIBED ON BASE

Lookout Mountain, Tenn., Oct. 17.—The new monument, a 125 foot granite column, erected by the state of Ohio commemorating the bravery of her sons who fought in the famous battle here November 24, 1863, was formally dedicated today.

Exercises were in charge of the Lookout Mountain Memorial Commission of Ohio, composed of soldiers of regiments which took part in the engagement.

Governor James M. Cox, of Ohio, was the principal speaker at the dedication. The names of the eleven Ohio infantry regiments and the battery of light artillery, and the commanders in the battle are inscribed at the base of the monument.

HARRIE JONES WINS \$10,680 IN 10 WEEKS

Takes 24 First Monies, 12 Seconds, 6 Thirds, 6 Fourths Out Fifty-Four Starts

GOES INTO WINTER QUARTERS

After a very successful campaign with his trotters and pacers Harrie Jones has returned from Lexington, Ky., where he raced last week and has gone into winter quarters. He has made a very creditable showing, having raced the past season eight different horses to their records as follows:

Trotters: "Yace G." 2:10; "Golden Axworthy," 2:12; "Trampfirst," 2:16; "Star Tramp," 2:18.

Pacers: "Bart K." 2:05; "Colonel Hedgewood," 2:10, "Corvass," 2:15; "Bob Cole," 2:19.

With these horses he raced ten weeks and made fifty-four starts, winning twenty-four first monies; twelve second monies; six times third; six times fourth; four times unplaced and twice drawn, winning a total of \$10,680.00. Mr. Jones looks forward to having a strong stable in 1918 as he has some good green material that he did not race this year. He has fourteen head in his stable at present and expects six or eight new ones by November 1.

U. S. TO BE REPRESENTED

(By United Press.)

Washington, Oct. 17.—The United States will be represented at the coming war allied council in Paris, it was officially announced today. The council will discuss problems of broad and vital scope. The names of the American representatives were not announced.

WEDGE MAY PERMIT FLANKING MOVEMENT

Secretary Baker's Weekly Statement Develops Fact That Teuton Line May Be Split

WOULD CHANGE WEST FRONT

By CARL D. GROAT
(U. P. Staff Correspondent.)
Washington, Oct. 17.—The allies are driving a wedge into the German line in Flanders which may split the Teuton's line and permit a flanking movement instead of a frontal attack.

This fact developed in Secretary of War Baker's weekly statement today. From a military standpoint this is one of the most significant developments of the war as it marks a departure from the frontal attack which experts have said is practically continuous murder. This wedge would change the whole western front.

The statement gave high praise to the French army for their co-operation with the British.

COUNTY SUBSCRIBES 30 PER CENT MAXIMUM BOND QUOTA

Continued From Page 1
sidered when the subscriber reaches a decision.

The thing which appeals most to a man with money to invest is that government bonds are exempt from the income tax and that the federal surtax is not applied until the income from government bonds amounts to more than five thousand dollars. In other words, one must own \$125,000 worth of government bonds before the surtax becomes effective, and then it is only one per cent.

SUGAR PRICE MAY BE REDUCED HERE

State Food Director Given Power Which Means he Can Regulate Charges Made

NOW RETAILS AT TEN CENTS

Prospects of the reduction of the price of sugar here from ten cents a pound, the present retail price, to eight and a half cents a pound are seen since H. E. Barnard of Indianapolis, food director for Indiana, has received instructions from the federal food administration, Herbert Hoover, which practically amount to placing the authority to fix the price of sugar in the hands of the state food head.

The instructions include a plan outlined by Hoover for regulating the prices of sugar in local communities and the state director is "requested to report to us immediately the violation of the plan."

Mr. Barnard estimated today that under this plan sugar should sell for not more than 8½ cents a pound in this locality and that lesser prices might prevail.

The Hoover plan is outlined in a statement received by Mr. Barnard. Mr. Hoover says that the food director should see that jobbers sell sugar only on a reasonable and fair basis above costs, which are given as follows, effective October 1: beet sugar, \$7.25; cane sugar in San Francisco, \$7.25; eastern cane sugar, \$8.35.

M'CORMICK SAYS TIDE HAS TURNED

Illinois Congressman, After Six Weeks in Europe, Presents His Impressions of War

FAREWELL LUNCHEON GIVEN

(By United Press.)
Paris, Oct. 17.—"The tide has turned, there will be more atrocities, there will be more terrible battles; but despite events in Russia, Austro-Germans everywhere on the western front are being driven back and they are no longer able to attack."

This was the estimate of the war today as Representative Medil McCormick of Illinois presented it to the guests at a luncheon. McCormick was the guest of honor. The luncheon marked his formal farewell after six weeks journeying in Europe to every front except that of Russia.

McCormick emphasized the impression he had obtained through out his travels in France, England and Italy of the democratic solidarity of the allies. He told of the determination of the entire American nation to fight with all its powers to a victory.

SKEPTICAL ABOUT U-BOAT ZONE REPORT

Naval Officials Doubt Whether Germany Can Establish One About U. S., Canada and Cuba

WOULD AVAIL THEM NOTHING

(By United Press.)
Washington, Oct. 17.—Germany's reported intention to establish a submarine zone about the United States, Canada and Cuba was taken here today with skepticism. Despite this, however, naval authorities said it was entirely possible that the Teutons would endeavor to extend their operation now that they are building larger U-boats.

Such a zone, however, will avail Germany little, it is felt here. By maintaining their vessels on the European side they are nearer home bases and have a better opportunity to carry on their ruthlessness than at such a great distance, experts point out.

Gary—When Matt Hagbor found another man with his wife, Matt didn't shoot—until the stranger got outside the house. But after the man started down the street, Matt turned loose. He said he didn't want to muss up the rooms.

A U. S. Bond is Money Bearing 4% Interest

BUY LIBERTY BONDS. If you have bought, buy more, and sell two more bonds to two other good Americans.

Liberty Bonds put your dollars to fighting to make the world safe for Democracy, and pay your dollars for the privilege of fighting.

Every spare dollar of every American home should turn itself into Liberty Bonds. Fairness and common sense demand it. They pay 4 per cent interest and you can pay for them on installments: 2% with order; 18 per cent Nov. 15, 1917; 40 per cent Dec. 15, 1917; 40 per cent January 15, 1918.

Go at once and buy a bond at your postoffice, your bank, the nearest department store selling Liberty Bonds, or send to the U. S. Treasury Department.

You can buy bonds as small as \$50 and pay for them by installments. But buy now and as often as you can.

Do all you can to make the world safe for Democracy.

Farm of 73 Acres at Auction! Tuesday, October 23rd

Two and one-quarter miles west of Rushville on the Shelbyville pike, immediately after the personal property is sold. This farm will be sold at auction. I think it to be under as high a state of cultivation as any farm in Rush county, located on prominent road, well fenced, good seven-room house, good barn, silo, five wells of water, well drained, every bit of which is tillable. Free gas in every room of house for heat, cooking and light—in fact everything will be in first class repair.

TERMS—When bid off you will be required to pay \$3,000 in cash, or more if you prefer. Balance of purchase price will be divided in 6 equal yearly payments, drawing 6% interest from date, to be secured by first mortgage. I feel this to be an opportunity of possibly a lifetime for a man with moderate means to buy himself a comfortable home. You have no arrangements to make with any loan company or deferred payments, as to that you will note. I am taking care of you. All you have to do is to lay down the required cash payment and your deeds and transfers will be made to you. So be prepared to take advantage of this opportunity that may never again present itself to you.

EIGHT PAGES TODAY

COUNTY SUBSCRIBES FOR NEARLY 30 PER CENT OF HER MAXIMUM BOND QUOTA

Reports From Thirteen Banks Show That Liberty
Loan Bonds Amounting to Approximately
\$300,000 Have Been Taken Here.

NOW RANKS FOURTH IN THE STATE

Statement From Chicago Contains
Reports From Banks Up To
Last Saturday Night.

FAYETTE STILL LEADS RUSH

"The Star Spangled Banner" Will Be
Sung in All Churches at
10 A. M. Sunday

Rush county's actual subscrip-
tions to the Second Liberty Loan of
1917 total approximately \$300,000,
which is about thirty per cent of
the county's maximum quota of
\$944,000.

This fact is revealed by inquiry
made at eleven of the county's fi-
nancial institutions yesterday and at
the remaining two, which could not
be reached yesterday, this morning.

This is the first time there has
been an inkling of the way the sub-
scriptions are really piling up in the
county. The banks were not asked
to report to the county chairman,
but are sending a daily report of
subscriptions to the seventh district
federal reserve bank headquarters
at Chicago. For this reason the
county has not been up to date on
its subscriptions.

Another report was received this
morning from federal reserve head-
quarters showing that Rush county
continues to move up on other In-
diana counties in the district in the
per cent of quota subscribed. Rush
county now ranks fourth among the
sixty-nine state counties in the sev-
enth district, and on the last report,
received Monday, she was sixth.

The report today discloses that
Rush county up to last Saturday
had subscribed 16.8 per cent of her
quota, as computed at Chicago. The
number of subscriptions reported
from the county at the close of
business Saturday was two hundred
and thirty and their par value was
\$119,950.

Dearborn county is still leading
the state, according to the seventh
district statement, with 34.2 per
cent of her quota subscribed. Fayette
county is second with 25.1 per
cent and Huntington county third
with 18 per cent. Since the report
of two days ago, Rush county has
passed Wayne, which has sub-
scribed 15.3 per cent, and Shelby,
which has subscribed 13.4 per cent.
Other counties in this section of
the state are way below Rush coun-
ty.

The chairman of the Liberty Loan
committee received a telegram today
from C. F. Childs, chairman of the
seventh federal reserve district,
spurring the bankers on to greater
activity. He asked why it was, more
subscriptions were not reported and
cited the fact that Indiana was
next to the lowest of the five states
in the seventh district.

Elaborate plans are being made
for the observance of Liberty Loan
Sunday in the churches of the
county next Sunday. Each minister
has been asked to preach a patriotic
sermon Sunday morning and it is re-
quested that every church congrega-
tion in the county sing, "The Star
Spangled Banner," at ten o'clock on
Sunday morning. The song is being
printed on sheets of paper and will
be distributed among the churches
of the county.

The observance of Liberty Loan
day next Wednesday, as suggested
in President Wilson's proclamation,
is still under consideration here.

Noble township is talking about
having a demonstration of its own
that day. An entertainment commit-
tee has been appointed and is dis-
cussing the feasibility of a public
meeting of some sort.

The actual figures on the sub-
scriptions in this county to date, as
reported by the banks, is \$295,830.
Eleven of the banks reported yester-
day, so that making allowances for
subscriptions which may have been
made since then, it is estimated that
the total is near \$300,000.

So far as is known, this total
includes only one bank subscription,
that of the Glenwood bank, which
has already taken \$20,000 and will
take more. Other banks will make
subscriptions on their own account,
but they have not decided what the
sum will be. All of the Glenwood
bank's subscriptions, however, will
not be credited to this county's
quota, because the directors of the
Glenwood bank have voted to divide
the subscriptions between Rush and
Fayette county since the bank has
a large number of patrons in Fayette
county.

The Manilla and Milroy banks
have both passed their ten per cent
quotas, being the first banks in the
county to do this. The Milroy bank
reported \$53,850 subscribed to the
loan and Manilla, \$41,050. This
means that they have subscriptions
to the value of more than ten per
cent of their total resources.

Several large subscriptions have
been made in the last few days and
other big ones are expected. Many
are investing their money in Liberty
Loan Bonds because of the glit-
tered security they are recognized
to be. Of course, every person who
subscribes to the Liberty Loan is
actuated by a patriotic motive, but
the quality of the investment is con-

Continued on Page 8

SPEAKS AT LIBERTY LOAN MASS MEETINGS

Senator Watson Addresses Immense
Crowds at Anderson and New-
castle on Tuesday

BIG PARADE AT LATTER PLACE

Senator James E. Watson delivered
two speeches at Liberty Loan
mass meetings in Indiana yesterday,
one at Anderson last night and one
at Newcastle in the afternoon. He
was greeted by large audiences at
both places. Senator Watson's time
is all taken up until the close of the
Liberty Loan campaign October 27.
He will make two addresses prac-
tically every day for the next ten
days.

A parade estimated to be two
miles long was held in Newcastle
preceding the Liberty Bond meeting
at the Coliseum. Two thousand
school children marched in the
parade and Red Cross nurses rep-
resenting every state in the nation
also participated. The police and
fire departments and delegations
from every township were in the
pageant, which was led by the Max-
well band. Senator Watson reviewed
the parade. The Coliseum was
packed with people before the
parade was over, and those who
marched had no opportunity to get
inside the building.

STATE HAS BIG TASK AHEAD

Must Subscribe \$7,278,000 Daily to
Reach Liberty Bond Quota

(By United Press.)
Indianapolis, Ind., Oct. 17.—All
counties in Indiana were today
heard from for the first time in the
Liberty Loan bond issue campaign,
swelling the total to \$15,140,850. If
the district's maximum allotment of
\$95,200,000 is subscribed, \$7,278,-
000 must be raised daily.

GRAND JURY GOES IN SESSION TODAY

Witnesses From Carthage and Glen-
wood Are Called—Family
Quarrel Investigated.

HUTSON BOY WARD OF COURT

Judge Finds Earl Stewart Legitimate
Son of Riley Stewart—Entitled
to Share of Estate.

The grand jury was sworn in
and instructed by Judge Sparks this
morning and immediately started ex-
amining witnesses. The court's in-
structions were brief and it was
stated that the grand jury would be
in session only two or three days.
The personnel of the grand jury was
materially changed from that origi-
nally drawn for service, four of the
jurors being excused and their
places filled by the sheriff this morn-
ing.

E. A. Lee was appointed foreman
of the grand jury, which in addition
to Mr. Lee is composed of Alva
Newhouse, John Cohee, R. P. Hav-
ens, Jesse Morris and William P.
King. Thomas Scanlan was ap-
pointed grand jury bailiff by Sheriff
Cavitt.

Something like fifteen witnesses
were called for examination today.
The witnesses were from Carthage
and Glenwood. One of the cases to
be taken up is the family quarrel be-
tween Jasper Dudgeon and his step-
son, Jesse Vandiver. Dudgeon is al-
leged to have hit Vandiver with a
poker Sunday afternoon. The re-
port was started that Vandiver had
been shot by Dudgeon, but this was
denied. Vandiver appeared in the
court house today with his left ear in
bandages and it was stated he would
appear before the jury.

Judge Sparks today returned a
decision in the exceptions to the
final report of the administrator,
William O. Stewart, in the estate of
Riley Stewart, holding that Earl
Stewart is a child of the late Riley
Stewart and entitled to share in the
estate. He is to receive one-third
of the balance for distribution, ac-
cording to the ruling of the court.

The estate had previously been
ordered settled between two children
of the late Stewart, and then Earl
Stewart, by his guardian, Sanford
Heaton filed exceptions to the re-
port, setting out that Earl Stewart
was a legitimate child of Riley Stewart
and entitled to one-third of the
amount to be distributed.

John Franklin Hutson, one of the
boys caught shooting craps on the
sidewalk at the corner of Second
and Harrison streets Saturday
night, was made a ward of the court
and permitted to go on his good be-
havior.

Hindenburg Reported to Have Land-
ed on Island of Oesel.

(By United Press.)
London, Oct. 17.—Reports that
Field Marshal Hindenburg had per-
sonally landed on the Island of
Oesel to direct Germany's attack
against Russia coupled with Petro-
grad's official statement indicating
the increased success of that campaign,
created the widest interest here this
afternoon.

TOLD THAT SOLDIER PAID \$1 FOR SOCKS

Rushville Woman Repeated Story in
Red Cross Headquarters Found
to be Falsehood

ALLEGED TO BE LOCAL MAN

Red Cross Officials Investigate and
Learn Truth—Character of
Stories Being Told

Reports have been circulated all
over the United States that the Red
Cross is selling garments which are
made by the various chapters, to
the soldiers, and the story was
known only by what had been read
of it in the newspapers.

But it remained for a Rushville
woman, who it is believed should
have known better, to announce to a
crowd of women in Red Cross
headquarters the other day that a
certain Rushville man who was a
member of the infirmary of the
139th Heavy Field Artillery at Camp
Shelby, Miss., wrote his wife here
that he had to pay the Red Cross
one dollar for a pair of socks.

She told the story for the truth.
She may have been honest about it,
but an investigation instituted by
Red Cross officials revealed that it
was a plain, unvarnished falsehood.
It is this sort of thing that the Red
Cross has had to combat elsewhere,
but it was never brought home to
Rush county Red Cross workers un-
til this assertion was made in head-
quarters here. Red Cross officials
knew it was false; many Red Cross
workers in the room at the time
knew it was untrue, but the story
undoubtedly already has been re-
peated by many persons in Rush
county who will not take the time to
find out about the truthfulness of
the statement.

Red Cross officials called the wife
of this man who was alleged to
have paid a dollar to the Red Cross
for a pair of socks and she was
astounded that such a story should
have been told. There was found to
be no foundation for it whatever;
in fact, a relative of this man had
knitted him three pairs of socks
just before he left.

It is pointed out that this sort of
thing serves to hinder Red Cross
work by discouraging women who
might be of some help. Many be-
lieve it. But it is such a thing as
this which led Red Cross officials
today to give out a statement re-
cently made by Harvey D. Gibson,
general manager of the American
Red Cross:

"A story is being circulated to the
effect that sweaters, socks, and
other articles knitted for the Red
Cross are being sold, either to the

EVANS WOOLEN NOT LIKELY TO ACCEPT

Indianapolis Man Pleads Business
Interests Prevent Him From
Being Fuel Director.

RED KEY SCHOOLS MAY CLOSE

(By United Press.)
Indianapolis, Ind., Oct. 17.—Evans
Woollen has declined repeated re-
quests from the national food ad-
ministration to accept the position
of fuel director for Indiana and
probably will not take the job under
any consideration, it was learned
definitely today. He pleaded that
his business interests prevented him
from accepting the place.

Lieutenant Governor Edgar D.
Bush this afternoon attempted to get
in telephone communication with
Federal Director Garfield to deter-
mine what should be done.

Reports from Red Key, Ind., to the
public service commission said that
schools would have to be closed
Monday unless coal is supplied.

GERMAN EMPLOYE IS HELD

Accused of Starting Stock Yards
Fire at Kansas City

(By United Press.)
Kansas City, Mo., Oct. 17.—Police
this afternoon announced the arrest
of a German employe at the stock
yards in connection with the alleged
incendiary fire at the yards yester-
day. The arrest was made by op-
eratives of a private agency employ-
ed on the case. The man's name
was not given out.

UNDECIDED ABOUT OPENING SCHOOLS

Health Board Will Probably Decide
by Tomorrow Whether This
Would be Advisable

ONLY 1 NEW CASE DEVELOPS

Is in Family Where There is Already
Diphtheria—Families Released
From Quarantine

The city health board had not de-
cided today whether to reopen the
schools Monday. The diphtheria
epidemic is still prevalent and addi-
tional cases are being reported.
Thus far this week the cases are
confined to families where the dis-
ease has been, but as it is impos-
sible to tell whether they will con-
tinue to be the case.

"If the new cases should develop
in families already under quaran-
tine," said a health official today,
"This would be no bar to the open-
ing of the schools."

The one additional case reported
yesterday is in the family of Charles
Stucker, corner of Willow and Ninth
streets. His daughter, Lavada, 18,
is the latest victim. Vivian, the other
child suffering from the disease,
is somewhat improved.

Both of these cases were critical.
There are five in the Stucker family.
A conference of the health board will
likely be held today or tomorrow to
determine the action to be taken with
regards to opening the schools next
Monday and the lifting the ban on
under twenty-one years of age from
attending a public gathering.

So far this month a total of four-
teen new cases have been reported
to the health board. Only two of
these cases have developed this week
and the general situation, according
to the board of health, is better.
Whether the epidemic has improved
to such an extent that it is advisable
to open the schools is yet to be de-
termined.

The board expects additional cas-
es, especially in families under
quarantine, but at the same time
families are being released from the
quarantine every day. It is impos-
sible to give the exact number of
cases here now as the board has not
figured up how many families have
been released. It is stated with cer-
tainty, however, that the number is
not as large as a week ago, when
twenty-six cases had been reported.

ASK FOR FREIGHT INCREASE

Eastern Roads Want 16 Per Cent
on All Commodities

(By United Press.)
Washington, Oct. 17.—Permission
to file a petition for a blanket rate
increase of 16 per cent on all com-
modities not favorably acted upon
by the interstate commerce com-
mission in its June 30 decision was
asked this afternoon by the eastern
railroads.

At the same time George S. Pat-
terson, spokesman for the railroads
at the formal hearing before the
commission, served notice that the
eastern carriers would again re-
quest more drastic rate increases
soon.

SALARIES OF TWO OFFICIALS RAISED

Council Acts on Resolution of Dem-
ocratic and Republican Com-
mittees Suggesting Increase

FOR MAYOR AND TREASURER

Financial Report of Treasurer
Shows \$22,526.68 on Hands on
First of October

Acting on a resolution presented
some time ago by the city chairman
of the democratic and republican
parties, the city council last night
passed a salary resolution, increas-
ing the salary of the mayor and the
city treasurer. The mayor's salary
was increased from \$450 to \$600 a
year and the city treasurer's salary
was placed at \$1,050 a year instead
of \$900.

The resolution establishes the
salaries of the elective officers ef-
fective January 4, 1918 and running
until 1922. The clerk's salary was
left at \$600 a year, the city attor-
ney at \$200 a year and the council-
men at \$100 each. Under the law
a councilman in the fifth class can-
not receive more than \$100 a year.

Both political parties petitioned
for the increase and for this reason
there can be no politics in the
salary increase. The original re-
solution asking for the increase was
signed by Will Leach, democratic
chairman and Grant Gregg, republi-
can city chairman.

The question of supplying river
water to the Big Four railroad was
again up for discussion. It has been
estimated that it will cost seven
cents a thousand gallons to supply
the water and the council believes
the city should receive at least 60
cents a thousand cubic feet for the
water. The question was left with
the water and light committee.

Judge Douglas Morris appeared
before the council regarding a
"creeping" meter which ran his light
bill to almost double the usual
amount for the quarter ending in
June. It was found that an electri-
cal storm had damaged the meter
so that it registered regardless of
whether any lights were being used.
The matter was left with the com-
mittee for adjustment.

A communication was read from
Lieutenant Governor Bush asking
the city not to offer any bonds for
sale while the Liberty Loan bond
campaign was on. As the city is
not contemplating any bond issues,
this matter will in no way affect the
city.

CHIEF OF POLICE HAS A NEW JOB

He is Named Deputy Food Adminis-
trator for Rush County by
Harry C. Barnard

WHAT HIS DUTIES CONSIST OF

Chief of Police Yakey has a new
job in addition to his duties as
policeman. He has been named de-
puty food administrator for Rush
county by state administrator H. C.
Barnard and has taken his oath of
office. There is no salary attached
to this new position and it is an-
other step in the Hoover campaign
to conserve and better the food sup-
ply.

Mr. Yakey will try to interest
hotels and restaurants in the cam-
paign and as membership in the or-
ganization is free he believes all of
these institutions here will co-oper-
ate. When a hotel or restaurant
joins the movement a membership
card is issued and this is posted in
a prominent place calling the pub-
lic's attention to the fact and argu-
ing that the food supply be con-
served.

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

Cylinders Full of Carbon?

Let us remove it. Our process is quick, sure, economical. Let us help prevent it too.

Mobiloids

A grade for each type of motor

High grade gasoline and the correct oil are important. We supply both.

THE BUSSARD GARAGE

Use varnish that lasts

The main expense in varnishing is labor. Don't put on varnish that looks well only when new and won't last long enough to pay for the cost of putting it on.

We sell and recommend Murphy Varnishes on account of their extra durability.

WILL HAVE 14,000 AT HATTIESBURG

Indiana Will be Represented by This Number of Men When Drafted Men are Changed

EQUIPMENT IS LACKING NOW

Camp Shelby is Entitled to 7,000 Men From Camp Taylor—6,000 Going at Once

Hattiesburg, Miss., Oct. 17.—With the arrival of the 2d regiment, Indiana has her full quota of federalized national guardsmen at Camp Shelby. The Indiana outfits in the camp consist of a field hospital from Indianapolis, one from Frankfort, ambulance companies from Frankfort, Marion and Indianapolis, a signal company from Indianapolis and one from Ft. Wayne, three companies of engineers, one from Terre Haute and two from Indianapolis; three troops of cavalry, one troop from Evansville, New Albany and Indianapolis.

The cavalry came here a complete squadron of four companies, but one company from Indianapolis was transferred to artillery. Indiana has four regiments, two of artillery and two of infantry. The 3rd and 4th Indiana were transferred to artillery under command of Brigadier-General H. P. Whitney. The 1st and 2d remain as infantry, under command of General E. M. Lewis, who is also camp commander. Indiana also has a machine gun battalion, composed of three companies, and a number of regimental infirmaries, and has a large share in the operation of the base hospital.

Under the new formation the 1st and 2d Indiana, known as the 150th and 151st infantry, respectively, will each have 3,600 men and officers when at war strength, and to fill them 1,890 selective men from Camp Taylor, at Louisville, will be added to the 1st and 1,780 to the 2d. The Indiana signal battalions will require 240 men, the engineers about 250, the machine gun battalion about 200. The 3d Indiana will receive 340 and the 4th Indiana will receive about 240. The cavalry squadron will be broken up and distributed among the infantry regiments. Camp Shelby at the present time is entitled to about 7,000 of the selected men from Camp Zachary Taylor and General E. M. Lewis has asked for 6,000 to be sent here within the next two weeks.

TOLD THAT SOLDIERS PAID \$1 FOR SOCKS.

Continued From Page 1

public in shops or direct to the soldiers. This is emphatically not true. No articles whatever, either knitted or otherwise made by Red Cross workers and turned into any Red Cross Chapter, Branch, or Auxiliary, or to any supply warehouse, are sold either to the soldiers or in shops.

"If any wilful case of this sort should come to the attention of headquarters, the Charter of the Red Cross Chapter or subsidiary sanctioning it would be immediately withdrawn with full publicity. Should it transpire that an actual instance of the above character occurred wherein an individual sold articles after their having been turned in to the Red Cross, such action would be clearly in violation of the fundamental law covering the Red Cross, and we would take vigorous steps to prosecute the offender.

"It is also true that any case of persons, other than those acquiring the right prior to January, 1905, using the name or emblem of the Red Cross to assist in the sale of merchandise, is a violation of the provisions of the federal criminal law, and the offender should be reported to the United States district attorney for prosecution.

"There is no way to prevent people from making the same type of articles as are produced by Red Cross workers and selling them for their own advantage, thus subjecting the Red Cross to unjust criticism. Should they use the name or emblem of the Red Cross in connection with such sales, however, they will be vigorously prosecuted."

Kokomo—Anna Erwin and Edna Ratty bumped their way to Delphos, O., where they were arrested and returned to this city.

JOHN WESLEY MULL IS DEAD

Prominent Farmer of Walker Township Expires This Morning.

John Wesley Mull, 62 years old, a prominent farmer of Walker township died this morning at 9:15 o'clock at his home in Homer, following a short illness from pneumonia. Mr. Mull had been ill for about three weeks, critically since last Sunday. He had lived in Walker township all his life and was widely known.

He is survived by his widow and three sons, Clyde, Howard and Walter Mull. He is also survived by one sister, Mrs. Emma Johnson of near Gings.

The funeral services will be conducted Friday morning at 10 o'clock in the Baptist church in Homer and burial will take place in the Hurst cemetery.

IOWA IS WET TODAY

Des Moines, Iowa, Oct. 17.—After switching back and forth between the wet and dry column the result of Iowa's prohibition amendment election yesterday today rests in the wet section with a majority of about two thousand. With only nineteen precincts still missing it was considered a wet victory until the official count is made.

FLOUR MILL BURNS WITH \$100,000 LOSS

Building Owned by Acme-Evans Company in Indianapolis is Destroyed by Flames

NO FLOUR OR GRAIN BURNED

Indianapolis, Ind., Oct. 17.—Fire last night destroyed a five-story flour mill which was owned by the Acme-Evans Company at 852 Washington avenue, causing a loss estimated at \$100,000. The presence of some foreign substance in the wheat, probably a nail or small piece of iron, which got caught in the machinery as the grain was being cleaned and ground, is thought to have caused so much friction that a hot box resulted, setting fire to the wooden grain chutes and thus spreading to other parts of the building. No flour or grain was stored in the mill.

The flames were first discovered by workmen on the third floor shortly after 7:30 o'clock, and efforts were made to control them with fire extinguishers. They spread so rapidly, however, that it soon became evident the fire could not be combated in this way with any hope of success, and the first alarm was turned in at fire headquarters at 7:45. Persons passing the building shortly thereafter saw tongues of flame darting from the third floor windows, and three more alarms were turned in from five boxes in the neighborhood.

Seymour—A government job in Seymour has gone begging. No one can be found to do the work of chairwoman at the postoffice, although the job pays \$300 yearly.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more yawning, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

MOLINE

Universal Tractor

As Powerful as 5 Horses
Does as Much Work as 7 Horses
Costs Less than 4 Horses
Requires Less Care than 1 Horse
Less Room than 1 Horse
Eats Only When it Works

The Ideal Tractor

No other tractor on the market will do such a great variety of work, nor is as correct in design and construction as the Moline-Universal. It pulls the usual 5-horse load—will do as much work as 7 horses, owing to its greater speed and endurance. It can be used for plowing, harrowing, planting, cultivating, haying and harvesting—in fact, all field work, and will deliver 12 horse-power on the belt.

A Real One-Man Outfit

The Moline-Universal is easier to handle than a team of horses, weighs about the same, turns in a 16-foot circle and will back with the implement attached. It is compact, simple, close-coupled, a wonderful puller and carries no dead weight. And best of all, it is operated from the seat of the implement attached. This permits one man to operate both tractor and implement.

Cut the Cost of Horse Labor

The cost of horse labor is almost one-half the gross operating expense on the average farm. A farm horse averages only 3 1/2 hours work a day through the entire year, and tires in it. It costs from 12 to 14 cents per working hour to maintain a horse, and requires 23 minutes a day to care for him, or fourteen ten-hour days a year.

And yet there isn't enough power to plow as deep as scientific methods require; to harrow more frequently, so that organic matter will be utilized, moisture conserved, and a good state of soil tilth maintained; to cultivate more frequently, and to harvest at the proper time.

Let us tell you how the Moline-Universal Tractor can reduce the cost of power on your farm. It will pay you.

WANT MORE MONEY FOR COAL

(By United Press.)
Terre Haute, Ind., Oct. 17.—Six thousand miners in Southern Indiana coal fields were on a strike today and thirty mines were idle as a result of the refusal of the operators to guarantee increases in pay as arranged at the recent Washington conference of miners and operators.
Operators declared that they will not pay the increased wages until the fuel director allows them to increase the price of coal.

PROMISES DECISION

(By United Press.)
Washington, Oct. 17.—Promising a decision on the miners wage demands at an early date, Fuel Administrator Garfield in a telegram to operators and miners this afternoon refused to be intimidated by threats of a nation wide hijuninous coal strike.

O. E. S. MEETING POSTPONED

The entertainment for the grand matron of the Eastern Star and degree work, which was to have been held Friday night, has been postponed indefinitely on account of the diphtheria epidemic.

DREADNAUGHT DAMAGED

(By United Press.)
Petrograd, Oct. 17.—A German dreadnaught struck a mine around the Island of Oesel Friday and was apparently damaged, an official statement announced today.

—Webb Woodfill of Greensburg visited in this city yesterday.

—Cyril Caron and John Keating visited friends in Milroy today.

—H. F. Lynch of Cincinnati visited here on business today.

—Otto Miller of Andersonville spent the day here on business.

—Mr. and Mrs. J. Miller of Richmond visited friends here today.

—Mrs. Albert Fleehart and daughter Elizabeth went to Franklin, Ky., today for a two weeks visit with relatives.

—J. V. Murray, secretary of the Modern Appliance company, was called to Chicago today by the sudden death of his mother.

—Mrs. Ada Lewark and Mrs. Oliver O'Brien will attend the meeting of the Great Council of Indiana, Degree of Pocahontas, which will be held at Indianapolis tomorrow.

—The Misses Stella Shorridge, Sylvia Nelson, Mariam Frye and Mrs. McElfresh of Falmouth motored to Knightstown yesterday and visited the Soldiers and Sailors Orphans Home there.

—S. B. Anderson and daughters Mary and Jessie and Mrs. Neff Ashworth motored to Oxford, O., yesterday and spent the day with Miss Esther Anderson, who is attending school there.

—Mrs. Walter Bearinger, Miss Elizabeth Brown and Mrs. Walter Smith will go to Indianapolis tomorrow, where they will attend the Great Council meeting of the Degree of the Pocahontas.

ATTEMPT TO EVADE TAX

Munition Makers Are Accused by the Treasury Department.

(By United Press.)
Washington, Oct. 17.—Alleged attempts to evade \$17,000,000 taxes by munitions manufacturers were discovered it was stated at the treasury department today. Of this sum all but \$7,000,000 had been recovered and as the total deficiency will be made up no prosecutions are contemplated. The evasions were made by charging excessive plant depreciations when filing returns under the 12 1/2 per cent a year tax on munition profits.

Healthy Skin Depends on Kidneys

The skin and the intestines, which work together with the kidneys to throw out the poisons of the body, do a part of the work, but a clean body and a healthy one depends on the kidneys. If the kidneys are clogged with toxic poisons you suffer from stiffness in the knees in the morning on arising, your joints seem "rusty," you may have rheumatic pains, pain in the back, stiff neck, headaches, sometimes swollen feet, or neuralgic pains—all due to the uric acid or toxic poisons in the blood. This is the time to go to the nearest drug store and simply obtain a 50c. package of Anuric (double strength), the discovery of Dr. Pierce of Buffalo, N. Y. Then drink a cup of hot water before meals, with an Anuric Tablet, and notice the gratifying results. You will find that Anuric dissolves uric acid almost as water does sugar.

OPERATION AVOIDED.

Lafayette, Ind.—"Three years ago I was taken to the hospital—all arrangements made for an operation, but when the doctors were uncertain as to whether it was to be for appendicitis or woman's trouble I insisted upon being taken home until they were of one opinion as to my ailment. Then a friend told me what wonderful remedies Dr. Pierce's were, selling right from the drug shelves, and thought they might give me relief. I bought a bottle each of 'Favorite Prescription' and 'Golden Medical Discovery,' and a box of 'Lotion Tablets.' These relieved me of a catarrhal condition, all abdominal pain, etc. But I took the medicines for almost a year to make sure of a complete recovery. Today I am in absolutely good health."—Mrs. U. S. An Appeal to Every Class

Thousands of our young men are already in France, ready to plunge into the fiery furnace of war; thousands more have been mobilized in camps over this country to prepare for battle. All of these men must be properly equipped, provisioned, munitioned. To send them into battle otherwise would be murder.

Who should buy Liberty bonds? The answer is obvious—every man, woman and child who is earning money. Our National Army is gathered from every nook and corner of our great country; not a spot is too remote to feel the hand of the draft.

Purchase of these bonds, providing the funds with which to support these men, should be as universal. The banks and "big business" can well afford to take millions of this second issue, and will take them; but is this war in the interests of the financial powers of the nation?

To say this is to discredit the president of the United States; to say this is to overlook the struggle of heroic France, the crushing of little Belgium, the atrocities of the German military machine.

The people of the United States, high and low, should rally to the support of the country against German autocracy and the brutalities of the "boche."

When the first loan was floated the banks and big corporations took the major portion of the bonds; today the farmer, the tradesman, the common people generally are appealed to in the hope that the altruistic motives of our government in supporting the cause of civilization will arouse them to give unstintingly of their surplus wealth to make the path of the soldiers who must fight and suffer in the trenches of Europe.

Horse Meat For Food

A French chef in this country says that France has had horse meat shops ever since the Franco-Prussian war, when the people were reduced to such dire straits that they had to eat horses east off by artillery and cavalry. He continued by saying that horse meat may be as common as beef in the years to come because of the manner in which motor driven vehicles are replacing the horse everywhere. The meat sells for eight cents a pound and is said to be very good.

C. E. Wentworth of the horse market department, Union stockyards, Chicago, says that the "meat of young horses is sweet and tender," while aged horses "are good for stews." Many a toothsome rag is no doubt put on the unfit list that makes many pounds of good meat.

But why not horse meat? It is easy to imagine that it may be served on Rush county tables in the years that are not far in the future. Things much less improbable have come to pass in the last score of years.

A high official of the American Federation of Catholic Societies, with some 3,000,000 members and upwards of 10,000,000 affiliated men, has the following to say regarding the second Liberty loan:

REAL ESTATE MEN OPEN CONVENTION

State Association Holds Meeting in South Bend—Two Cities After Next Meeting

GOVERNORS MEET TONIGHT

(By United Press.)

South Bend, Ind., Oct. 17.—The annual convention of the Indiana Real Estate Dealers association opened here today. A lively contest is on between Kokomo and Terre Haute for the honor of entertaining the next year's convention. Indianapolis, Evansville and other Southern Indiana cities are backing Terre Haute.

The board of governors will meet tonight preliminary to the starting of business sessions tomorrow. Committee meetings will also be held tonight.

Among those who will deliver addresses during the three day session will be John Barrett, director general of the Pan-American Union, Washington, D. C., who will speak on "The Might Meaning of War for the United States and Pan-American." Frank G. Hatfield, trustee of Indiana University; H. H. Friedly, state fire marshal; T. A. Lowry, real estate advertising manager for the Chicago Tribune; and Dwight H. Perkins, chairman of the city planning commission, Evansville.

"Catholics of America have ever done their full share in men and money in support of the republic. They will do their full share now in the matter of this second Liberty loan, and you can say that Catholics will do their full share of any task which President Wilson maps out for them."

Better not give too great publicity to the shortage of school books in Germany. There are enough pro-Germans in this country without enlisting the schoolboys.

"Shake-Up For Police."—Headline. Sort of a rousing of the bulls, as it were.

MAKE WORLD HAPPIER

(By Marguerite Clark, Famous "Movie" Star.)

I am glad to have the opportunity to state why I think everyone should take part in this second Liberty Loan. Every subscriber is "doing a bit" for the country.

Success must come to the Allies, or most of the civilized world will be under the domination of a government that has proven itself to be antagonistic to the principles under which we have lived—and hope to live, and it seems plain that to insure success, America's assistance is necessary, in men and money. What a wonderful privilege to help in such a cause! No other investment in the history of the world has meant so much or was so well served—by the guarantee of the richest country in the world. The people, far and wide, are sure to recognize this and by over-subscribing the loan, send "over there" an evidence of America's determination. The fact that the investment is so good should not weigh with us so much as the satisfaction and pride of having done our duty and helped to make the world happier in the future of our men, women and children.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

We Have Them

We bought them last April before the advance in price. They are nice, comfortable, good looking, easy riding, sliding doors, nice curtains, 24 inch lazy back and a lot more good things that you have to see to appreciate.

We want you to see them and if you need a Storm Buggy why not buy the Best, when you buy it for less money than you can some other make.

We were fortunate this year in securing the ZIMMERMAN line of STORM BUGGIES, the one line that no one can truthfully say is not the best on the market and by early buying, we were able to get them at a price that makes it possible to sell them to you at a little below the price of other makes, that are not so good.

There are lots of people in Rush County, who have owned ZIMMERMAN BUGGIES. Ask them how they wear! They will tell you they are the best buggy they ever owned. Let us show you these buggies before you buy. If you don't when you see your neighbor's you will wish you had.

County News

Glenwood

Mrs. C. A. Holmes and sister have returned from Lionsville where they attended a family reunion at the home of Mrs. Malinda Scholl.

Albert Washam of Chicago visited friends here last Friday.

Mr. and Mrs. John Ricketts of New Salem visited the former's sister here one day last week.

Mr. and Mrs. Otto Winchell of Indianapolis visited Mr. and Mrs. Lew Matney here over Sunday.

Mrs. Jessie Holmes has returned from a ten days visit with friends and relatives in Hamilton, Ohio.

Earl Ruff's new bungalow is almost completed and the family expects to move into it about November 1.

Miss Ola Hollway has returned from a five days stay in Indianapolis.

The women of the M. E. church will give a masquerade and supper at the Osborn hall on Halloween eve, October 30. There will also be a fiddlers contest and other amusements. The proceeds will be used to decorate the interior of the M. E. parsonage. Everyone is invited.

SALARIES OF TWO OFFICIALS ARE RAISED

Continued From Page 1

The usual bills for the board of health caused by the diphtheria epidemic were paid. The bills last night for antitoxin and medical attention amounted to \$199.80. Every epidemic of contagious disease hits the city more or less hard and it is necessary to supply the board of health with the necessary medicine for those unable to pay for it.

The council met today at noon to allow the pay of the street employees. The street commissioner was out of the city yesterday and the pay roll was not made out. In order to give the men their money the adjourned session was held.

The financial report of the city treasurer for the month of September was approved by the committee. The report shows that the close of business Oct. 1 the city had on hands the sum of \$22,526.68. The financial statement shows that \$12,405.02 of this sum is in the general fund and \$8,918.37 in the water and light fund. This \$8,918.37 in the water and light fund remains after about \$10,000 had been paid out for water meter rebates.

The amounts in the various funds follow:

Street oiling fund	\$ 63.91
Sewer fund	740.29
Street improvement fund	309.09
Water and light fund	8,918.37
General fund	12,405.02

Total \$22,526.68

This money is deposited in the following manner:

Rush Co. National	\$7,230.67
Rushville National	6,075.82
Peoples National	3,941.77
Peoples Trust	2,649.79
Farmers Trust	2,583.97
Cash in office	44.66

Total \$22,526.68

SHOWS VALUE OF GOOD SEED CORN

Experts At Purdue Make Recommendations to Farmers in Preparation For Campaign

SHOULD BE TAKEN FROM FIELD

(By United Press.)

Lafayette, Ind., Oct. 17.—Experts at Purdue university, in preparation of the campaign which they are conducting this week to induce farmers to select good seed corn, today issued the following recommendations:

"Adopt the successful business man's motto, 'I do the most important thing first'—Select seed corn now.

"Small yields due to poor seed corn can be prevented.

"Seed corn selected from the field before the first killing frost is the very best seed for next year's planting.

"Select two or three times as much most mature and best developed plants.

"Save ears only from hills having a full stand.

"Select two or three times as much seed corn as is needed for planting.

"Hang the selected ears in a dry and well ventilated place immediately after gathering.

"Corn is one of the cheapest methods of increasing the yield per acre.

"It is unsafe to select seed corn from the shock or crib."

SERBIANS IN COURT

(By United Press.)

Indianapolis, Ind., Oct. 17.—Three Serbians were to be arraigned in Federal court here today on the charge of conspiring to obstruct recruiting of the National Army. They were arrested following a riot at a meeting of foreigners at Crown Point on Sunday, Sept. 11. The men are George Ciarovich, Rada Zarich and Peter Kirvokapich. Five other foreigners are held in the Crown Point jail on a charge of assault and battery with intent to commit murder, in connection with the riot.

The Hot Blast Air Tight

FLORENCE

Beware of imitations or people who claim to have a stove like or just as good as the FLORENCE. Do not be deceived by such false claims and find it out when too late.

Examine the Florence carefully before you buy.

The FLORENCE will burn wood as well as coal and will burn coal better than any other stove made.

The Only Absolute Smoke Consuming Stove on Earth.
No Smoke! No Soot! No Dirt! No Clinkers!
Everything is Consumed!

The only jointless leg bottom and base with full radiation and large ash pan that is on the market or has ever been made in the history of the stove industry.

The jointless leg bottom and base makes the stove air-tight below the grate, which is the only true fire keeping principle.

It will be as good a fire keeper twenty years hence as it is today.

The HOT BLAST AIR-TIGHT FLORENCE will heat twice the space that can be heated by any other stove on earth at one-half the cost. The only perfect floor heater that is or has ever been made.

All features are patented and no stove manufacturer, dealer or user can copy or use same until the expiration of the patent without incurring liability for an action for damages.

If the FLORENCE is operated according to directions:—

The No. 153 will heat from 3 to 4 ordinary rooms all winter with 4 tons of slack or lump coal.

The No. 155 will heat from 4 to 5 ordinary rooms all winter with 6 tons of slack or lump coal.

THE HOT BLAST AIR-TIGHT FLORENCE burns soft coal, wood, slack and all the smoke and gasses. No filling up of the stove pipe or flue with soot. It will produce one-half less ashes than any other stove on earth with any kind of fuel and leave no clinkers or half consumed fuel.

Prices from \$23.00 to \$40.00 Why pay \$10.00 to \$15.00 more for other makes of stoves when they will not equal the FLORENCE.

FIGHT FOR YOUR LIFE

Duty Demands Robust Health

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ill health. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ill after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains these mighty strength-producing agents, lecithin-and-iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, pallor, pale complexion, "all in" feeling and frail bodies are due to lack of lecithin-and-iron peptonate in the system.

Your mental and physical strength and endurance depends upon a lecithin-and-iron peptonate laden blood; steady, dependable nerves and a healthy stomach. With these you can meet life at any angle. This wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and has been used by men and women for years. Hypoferrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The powder and paint way of effecting beauty is not needed by hypoferrin women and girls. Their blood, filled with nature's beauty stores, creates conditions that give firmness and grace to the body and the glow of health to the cheeks. No need of going through life sickly and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life to your body and mind that inspires the confidence that you confront the world on an equal footing with anyone. Hypoferrin may be had at your drug store direct from us for \$1.00 per package. It is well worth the price. The Santal Remedies Co., Cincinnati, Ohio.

Thursday

Grand club with Mrs. George Aultman, 301 West First street in the afternoon.

Yomo club with Mrs. Howard Ewbank, 903 North Perkins street, in the afternoon.

Woman Home, Missionary Society with Mrs. John Jordan, in the afternoon.

Happy-Go-Lucky club with Miss Leonora Norris, 728 North Morgan street at noon.

Thursday Bridge club with Mrs. Ben Hume, at her home southeast of this city, in the afternoon.

home in North Morgan street, at 7:30.

A Halloween party was given by Mrs. John Rosencrane last evening in the form of a pitch-in supper at her home in North Perkins street.

Announcement has been received here of the wedding of Miss Alida Swain, of Chicago formerly of Richmond, and William Howard McCormick of Chicago, which took place Saturday, October 6. Mr. and Mrs. McCormick will spend the winter in Florida, after which they will make their home in Chicago. Mrs. McCormick has visited in this city on several occasions and has many friends here.

Amusements

The Gem will show Mary Miles Minter in, "Annie For Spite," for the program tonight. The little juvenile star is said to be shown at her best in this picture. Tomorrow Gladys Brockwell will be shown in the feature drama, "Her Temptation."

The Princess offers Viola Dana and Augustus Phillips in "Threads of Fate," for the feature picture tonight. It is said to be a fine drama, with many big scenes. In addition, "Pathe Weekly," showing the latest current events will be shown. Tomorrow Antonio Moreno and Mary Anderson will be seen in the drama, "The Magnificent Meddler."

Here's your chance for a real laugh so don't miss it. Laughs of the genuine kind are too few and far between for any to be over looked. "Johnny Get Your Gun" John Cort's hilarious gloom chaser, which was one of the riotous screams of Broadway at the Criterion Theatre, for the best part of last season, will be the week's attraction at the Shubert Murat Theatre, Indianapolis commencing Monday October 22d with matinees Wednesday and Saturday.

"Johnny Get Your Gun" is not a musical comedy. It is a farce 24 carat pure, bristling with screamingly funny situations, built around a story involving a big hearted cow-uncher, a fortune seeking Duke and a girl about to be sacrificed to Mammon. The action moves with the swiftness of a submarine chaser under full steam.

You'll like "Johnny Get Your Gun" because Johnny Wiggins, the original character is a new type westerner, a type that rings true and one which Westerners themselves take to their hearts and pronounce real. Louis Bennison, himself of the West took New York by storm when he first appeared in the star role. Blase Broadwayites were won completely by the charm of his personality and by the striking originality of his creation. He was acclaimed a genuine star of brilliant promise and this prediction has been echoed by audiences in every city. He is supported by the original New York cast and the production is the identical one which caused New York to rave.

"Johnny Get Your Gun" concerns the adventures of Johnny Wiggins a "stunt" rider in Los Angeles moving picture studio. The play opens with a prologue laid in the camp of a "canned drama" plant. Then it shifts to a fashionable Long Island country home where Johnny goes to save the sister of his pal. But why tell more and spoil it all. See it and forget that grinch. Its real entertainment that is well worth while.

The splendid cast will include Theodore Babcock, Lorraine Frost, Echlin Gayer, Bera Finaly, Louise Makintosh, Jane Carlton, Robert Homans, Ellis Baker, Roy Cochrane and Clyde North.

The Murat Theatre agent here is Hargrove and Mullin and tickets can be had there for any performance.

WAS OVERSUBSCRIBED

(By United Press.)
Washington, Oct. 16.—The treasury department's offering of \$300,000,000 treasury certificates of indebtedness were oversubscribed, the treasury department announced today.

Mrs. M. M. Coyne entertained with a Halloween party this afternoon at her home in North Sexton street, honoring her house guest, Mrs. Al T. Simms of Cincinnati. The only light in the pretty parlors was shed by pumpkin faces, which peeped out from secluded places in the rooms. Pretty Halloween decorations were used on the table, where the elegant luncheon was served and miniature witches were given the guests as favors. The guests included Mrs. William Fitzgerald, Mrs. Ed Bishop, Mrs. Mike O'Neal, Mrs. William Couch, Mrs. Robert Williamson, Mrs. Anthony Schrichte, Mrs. Catherine Horr, Mrs. Thomas Kirk, Mrs. Joseph Baschmohle, Mrs. Thomas Canley, Miss Bridget Kelly, Mrs. Al Simms, Mrs. Charles Moorman, Mrs. Nellie Abercrombie and Mrs. Bert Moorman.

Guests arriving from a distance to attend the wedding of Miss Margaret Frenzel of Indianapolis and Eugene Miller, son of Mr. and Mrs. B. F. Miller of this city, which will take place at the home of the bride's parents in Indianapolis, this evening are Miss Margaret Boyd of Memphis, Tenn., Miss Ruth Lawton of Brooklyn, New York and Mr. and Mrs. Miller of this city. The attendants will be, Mrs. E. B. Mumford, sister of the bride, matron of honor and Lieutenant Leslie Maxwell, best man.

Mr. and Mrs. H. N. Jeffry will entertain with a six o'clock dinner this evening at their home in Falmouth, honoring the birthday of Mr. Jeffry. Yellow and white will be the pretty color scheme used in the appointments of the dinner and the guests will include Mr. and Mrs. Donovan Robinson and family, Mr. and Mrs. David Jeffry and Mr. and Mrs. E. R. Jeffry and family.

Complimentary to Miss Ruth Whitton, Mr. and Mrs. John H. Frazee, Mr. and Mrs. Walter Frazee entertained with a pitch-in dinner yesterday at their home in North Harrison street, in celebration of her birthday. Aside from Miss Whitton, covers were laid for Mr. and Mrs. Frank Reynolds, Mr. and Mrs. Ezra Hinkle and Mr. and Mrs. John Morris and family.

Mr. and Mrs. Gunn Haydon entertained yesterday at their home in North Main street, honoring Mrs. W. B. Haydon and Mrs. Newton Gay and children of Nicholasville, Ky. At noon a delicious three course dinner was served. Aside from the guests of honor, covers were laid for Mr. and Mrs. Ben Hume and Mr. and Mrs. Elmer Hume.

The members of the O. N. T. club enjoyed a delightful gathering with Mrs. George Young yesterday at her home in North Main street, about thirteen being present. The guests sewed and knit for the Red Cross, and the hostess served a delectable salad course. In two weeks Mr. Sam Young will be hostess to the club.

There will be a call meeting of the active members of the Ladies Musical Society Thursday evening at the home of Miss Leonora Norris, at her

The United States Government Food Administrator Says:

"Baking Powder Breads of corn and other coarse flours are recommended"

ROYAL BAKING POWDER

ABSOLUTELY PURE

Makes delicious muffins, cakes and coarse flour breads

CORN MEAL MUFFINS

3/4 cup corn meal
1 1/2 cups flour
1/2 teaspoon salt
4 level teaspoons Royal Baking Powder
2 tablespoons sugar
1 cup milk
2 tablespoons shortening

Mix thoroughly dry ingredients; add milk and melted shortening and beat well. Bake in greased muffin tins in hot oven about 20 minutes.

NUT BREAD

3 cups graham flour
5 level teaspoons Royal Baking Powder
1 1/2 teaspoons salt
1 1/2 cups milk and water
1/2 cup sugar or corn syrup
1 cup chopped nuts (not too fine) or 1 cup raisins, washed and floured

Mix together flour, baking powder and salt; add milk and water, sugar or corn syrup and nuts or raisins. Put into greased loaf pan, allow to stand 30 minutes in warm place. Bake in moderate oven 40 to 45 minutes.

Our red, white and blue booklet, "Best War Time Recipes" containing additional similar recipes, sent free on request. Address Royal Baking Powder Company, Dept. H, 135 William Street, New York

CAN'T GET GOODS FOR ARMY SHIRTS

Mrs. A. L. Stewart Learns They Can't Possibly be Made Here Because of Shortage

CONFERENCE IN INDIANAPOLIS

While in Indianapolis yesterday attending a conference called by the League for Women's Service, Mrs. A. L. Stewart, the woman's representative on the County Council of Defense, learned that it would be absolutely impossible to get goods to make army shirts, as was once contemplated here. Mrs. Stewart says she learned that several Rush county women had been writing in for material. She says it is useless for them to inquire about it because yardage can not be provided.

Last summer Mrs. Stewart was asked to get fifty women to make shirts and she did it. The government was to pay 44 and four-fifths cents each, but ten cents was to be deducted for mistakes and a certain sum to cover transportation expense. Later Mrs. Stewart was notified no more stations would be opened because of a shortage of goods, there not being enough to supply the demand at Jeffersonville, where there is a government supply station. There is a report current

that the work is being done in many towns, but Mrs. Stewart says this is incorrect.

The conference of women was addressed yesterday by Miss Parker of New York who has returned from a visit in France and England. She told of her experiences and the lessons American women might learn from the French and English regarding women's service in the war.

EXPLOSION ON U. S. BOAT

(By United Press.)
Washington, Oct. 17.—Dennis Shea of Brooklyn, New York, and Vance I. Perkinson were seriously scalded in an explosion on a United States scout patrol vessel off an Atlantic port last night, the navy department announced today. The accident was due to defects in the boiler.

Frankfort—Charges of disorderly conduct have been filed against policeman John Laymon by Floyd Fletcher, a taxi driver, who alleges Laymon acted as bar tender at a keg party held on the Thompson farm near here.

Gary—Three men indicted by the last grand jury had died when the indictments were returned. They are Mike Miskin, democratic leader; Rose Cooper and Phil Mekatinsky, prominent business men.

Brazil—Roger Lambert was kicked by a horse when he was turning the animal loose in a pasture.

Days Pickings

Dr. W. W. Arnold of Colorado Springs, Colorado, who is visiting here, talked to the Arlington school yesterday about birds, a subject which he has studied closely and on which he is an authority. The Arlington school children were very much pleased and applauded Dr. Arnold vigorously. He visited Mr. and Mrs. Charles Arnold and family of Arlington yesterday, which was the occasion for him speaking in the school there.

William A. Posey, former clerk of the circuit court, was operated on for bladder trouble at a Cincinnati hospital yesterday and was reported today to be recovering from the effects of the operation. In ten days he will undergo another operation. His son, Fred Posey and Dr. D. H. Dean were present at the operation.

The Pie Social, which was to have been held at the Circleville school house, Friday night, has been postponed indefinitely.

Mr. and Mrs. T. J. Hume are moving from Circleville to 123 West Third street.

Walter Peters, who has been ill for the past three weeks, is slowly improving.

—Mrs. R. H. Hill of Carthage visited friends here today.

REACHES THE GOAL LONG STRIVEN FOR

Indiana Is Admitted to The "Birth Registration Area" By Federal Government

WHAT IT MEANS TO STATE

In Order to Reach This Position, 90 Per Cent of Births Must Be Reported

(By United Press.)

Indianapolis, Ind., Oct. 17.—Indiana has been admitted to the "Birth Registration Area" by the federal government. Following a careful examination of the records in the state by federal investigators, the state today for the first time stands among the foremost in the country in this matter.

This announcement was made today by Dr. J. N. Hurty, secretary of the state board of health, through the United Press.

The goal has been striven for by the state board of health for ten years and announcement of the success of the efforts caused rejoicing among officials.

Federal investigators found that 92.7 per cent of all births were registered leaving a delinquency against the doctors and midwives of 6.3 per cent. In order to be admitted to the registration area, 90 per cent of the births must be recorded.

In making the announcement today, Dr. Hurty also issued the following statement:

"The foundation of public health conservation is correct vital statistics. Vital statistics constitute the bookkeeping of humanity. In considering the progress of nations the first questions are: What are the birth and death rates? What is the quality of the birth product as determined from morbidity and mortality rates? Also, what is the quality of the birth product as determined by the number and rates of the insane, the criminals, the feeble minded and the delinquents?"

"If the birth rate runs only slightly above the death rate the nation is retrogressing. If the birth rate runs parallel or is lower than the death rate, the nation is dying."

"The vital statistician is the navigator of the ship of state. To the statesman he gives the figures which in their final essence, show us our social latitude and longitude on the sea of progress."

"The doctor who neglects or refuses to report, as the law commands, all of his cases of listed diseases and the deaths and births he attends, is a poor citizen, and all such delinquents should be avoided by the people. The instances are numerous where the failure to report births has lost property to children as well as life insurance and pensions. And now, every day, applications are received at the state board of health for transcripts of births from foreign countries and from persons who must prove their nativity and age for legal purposes."

"Well, the honor of admission to the birth registration area has arrived, and Indiana is to be congratulated. The state board of health now appeals to the mothers, to the doctors, and to all citizens to lend their further good offices in making our vital statistics still better and in raising the public health standard."

OVERWORKED, TIRED WOMAN TOOK VINOL

Now She is Strong and Hearty

Philadelphia, Pa.—"I was overworked, run down, nervous, could not eat or sleep. I felt like crying all the time. I tried different remedies without benefit. The doctor said it was a wonder I was alive, and when Vinol was given me I began to improve. I have taken eight bottles and am now strong and perfectly healthy in every respect, and have gained in weight. I can not praise Vinol enough."—Mrs. Sarah A. Jones, 1025 Nevada St., Philadelphia, Pa.

We guarantee Vinol to make overworked, weak women strong or return your money. Formula on every bottle. This is your protection.

COUNCIL APPROVES LIST OF INSPECTORS

Machinery For City Election November 6 Is Set in Motion—Ballots Can't be Printed

HELD UP BY COURT DECISION

The election machinery for the city election November 6 was put in motion last night by the city council when it approved the list of inspectors submitted by Grant Gregg, republican city chairman. The inspectors follow: First precinct, W. H. Amos, Second precinct, James V. Young; Third precinct, Wash Allen; Fourth precinct, Homer Cole; Fifth precinct, M. V. Spivey; and Sixth precinct, William A. Allen.

The clerks and judges are yet to be selected. The election supplies, excepting the ballots are all here. The ballots cannot be printed until the supreme court decides the constitutionality of the suffrage law because at this time it is impossible to determine the number needed.

The legal advertisement calling attention to the election has been published and the posters were placed in the various precincts today.

OHIO HONORS HER CIVIL WAR HEROES

Monument Erected at Lookout Mountain Formally Dedicated—Governor Speaker

NAMES INSCRIBED ON BASE

Lookout Mountain, Tenn., Oct. 17.—The new monument, a 125 foot granite column, erected by the state of Ohio commemorating the bravery of her sons who fought in the famous battle here November 24, 1863, was formally dedicated today.

Exercises were in charge of the Lookout Mountain Memorial Commission of Ohio, composed of soldiers of regiments which took part in the engagement.

Governor James M. Cox, of Ohio, was the principal speaker at the dedication. The names of the eleven Ohio infantry regiments and the battery of light artillery, and the commanders in the battle are inscribed at the base of the monument.

HARRIE JONES WINS \$10,680 IN 10 WEEKS

Takes 24 First Moneys, 12 Seconds, 6 Thirds, 6 Fourths Out Fifty-Four Starts

GOES INTO WINTER QUARTERS

After a very successful campaign with his trotters and pacers Harrie Jones has returned from Lexington, Ky., where he raced last week and has gone into winter quarters. He has made a very creditable showing, having raced the past season eight different horses to their records as follows:

Trotters: "Yace G.," 2:10; "Golden Axworthy," 2:12; "Trampfirst," 2:16; "Star Tramp," 2:18. Pacers: "Bert K.," 2:05; "Colonel Hedgewood," 2:10, "Corvass," 2:15; "Bob Cole," 2:19.

With these horses he raced ten weeks and made fifty-four starts, winning twenty-four first moneys; twelve second moneys; six times third; six times fourth; four times unplaced and twice drawn, winning a total of \$10,680.00. Mr. Jones looks forward to having a strong stable in 1918 as he has some good green material that he did not race this year. He has fourteen head in his stable at present and expects six or eight new ones by November 1.

U. S. TO BE REPRESENTED

(By United Press.) Washington, Oct. 17.—The United States will be represented at the coming war allied council in Paris; it was officially announced today. The council will discuss problems of broad and vital scope. The names of the American representatives were not announced.

Farm of 73 Acres at Auction! Tuesday, October 23rd

Two and one-quarter miles west of Rushville on the Shelbyville pike, immediately after the personal property is sold. This farm will be sold at auction. I think it to be under as high a state of cultivation as any farm in Rush county, located on prominent road, well fenced, good seven-room house, good barn, silo, five wells of water, well drained, every bit of which is tillable. Free gas in every room of house for heat, cooking and light—in fact everything will be in first class repair.

TERMS—When bid off you will be required to pay \$3,000 in cash, or more if you prefer. Balance of purchase price will be divided in 6 equal yearly payments, drawing 6% interest from date, to be secured by first mortgage. I feel this to be an opportunity of possibly a lifetime for a man with moderate means to buy himself a comfortable home. You have no arrangements to make with any loan company or deferred payments, as to that you will note. I am taking care of you. All you have to do is to lay down the required cash payment and your deeds and transfers will be made to you. So be prepared to take advantage of this opportunity that may never again present itself to you

WEDGE MAY PERMIT FLANKING MOVEMENT

Secretary Baker's Weekly Statement
Develops Fact That Teuton Line
May Be Split

WOULD CHANGE WEST FRONT

By CARL D. GROAT
(U. P. Staff Correspondent)
Washington, Oct. 17.—The allies are driving a wedge into the German line in Flanders which may split the Teuton's line and permit a flanking movement instead of a frontal attack.

This fact developed in Secretary of War Baker's weekly statement today. From a military standpoint this is one of the most significant developments of the war as it marks a departure from the frontal attack which experts have said is practically continuous murder. This wedge would change the whole western front.

The statement gave high praise to the French army for their co-operation with the British.

COUNTY SUBSCRIBES 30 PER CENT MAXIMUM BOND QUOTA

Continued From Page 1
sidered when the subscriber reaches a decision.

The thing which appeals most to a man with money to invest is that government bonds are exempt from the income tax and that the federal surtax is not applied until the income from government bonds amounts to more than five thousand dollars. In other words, one must own \$125,000 worth of government bonds before the surtax becomes effective, and then it is only one per cent.

Bluffton—George Seckler, pilot on a steam roller, saved an auto from plunging over the Wabash river bank here. Seckler saw the machine rolling toward the 25 foot embankment. He hitched his steam roller on the auto and pulled it back to safety.

SUGAR PRICE MAY BE REDUCED HERE

State Food Director Given Power
Which Means he Can Regulate
Charges Made

NOW RETAILS AT TEN CENTS

Prospects of the reduction of the price of sugar here from ten cents a pound, the present retail price, to eight and a half cents a pound are seen since H. E. Barnard of Indianapolis, food director for Indiana, has received instructions from the federal food administration, Herbert Hoover, which practically amount to placing the authority to fix the price of sugar in the hands of the state food head.

The instructions include a plan outlined by Hoover for regulating the prices of sugar in local communities and the state director is "requested to report to us immediately the violation of the plan."

Mr. Barnard estimated today that under this plan sugar should sell for not more than 8½ cents a pound in this locality and that lesser prices might prevail.

The Hoover plan is outlined in a statement received by Mr. Barnard. Mr. Hoover says that the food director should see that jobbers sell sugar only on a reasonable and fair basis above costs, which are given as follows, effective October 1: beet sugar, \$7.25; cane sugar in San Francisco, \$7.25; eastern cane sugar, \$8.35.

M'CORMICK SAYS TIDE HAS TURNED

Illinois Congressman, After Six
Weeks in Europe, Presents His
Impressions of War

FAREWELL LUNCHEON GIVEN

(By United Press.)
Paris, Oct. 17.—"The tide has turned, there will be more atrocities, there will be more terrible battles; but despite events in Russia, Austro-Germans everywhere on the western front are being driven back and they are no longer able to attack."

This was the estimate of the war today as Representative Medil McCormick of Illinois presented it to the guests at a luncheon. McCormick was the guest of honor. The luncheon marked his formal farewell after six weeks journeying in Europe to every front except that of Russia.

McCormick emphasized the impression he had obtained through out his travels in France, England and Italy of the democratic solidarity of the allies. He told of the determination of the entire American nation to fight with all its powers to a victory.

SKEPTICAL ABOUT U-BOAT ZONE REPORT

Naval Officials Doubt Whether Ger-
many Can Establish One About
U. S., Canada and Cuba

WOULD AVAIL THEM NOTHING

(By United Press.)
Washington, Oct. 17.—Germany's reported intention to establish a submarine zone about the United States, Canada and Cuba was taken here today with skepticism. Despite this, however, naval authorities said it was entirely possible that the Teutons would endeavor to extend their operation now that they are building larger U-boats.

Such a zone, however, will avail Germany little, it is felt here. By maintaining their vessels on the European side they are nearer home bases and have a better opportunity to carry on their ruthlessness than at such a great distance, experts point out.

Gary—When Matt Hugbor found another man with his wife, Matt didn't shoot—until the stranger got outside the house. But after the man started down the street, Matt turned loose. He said he didn't want to muck up the romps.

A U. S. Bond is Money Bearing 4% Interest

BUY LIBERTY BONDS. If you have bought, buy more, and sell two more bonds to two other good Americans.

Liberty Bonds put your dollars to fighting to make the world safe for Democracy, and pay your dollars for the privilege of fighting.

Every spare dollar of every American home should turn itself into Liberty Bonds. Fairness and common sense demand it. They pay 4 per cent interest and you can pay for them on installments: 2% with order; 18 per cent Nov. 15, 1917; 40 per cent Dec. 15, 1917; 40 per cent January 15, 1918.

Go at once and buy a bond at your postoffice, your bank, the nearest department store selling Liberty Bonds, or send to the U. S. Treasury Department.

You can buy bonds as small as \$50 and pay for them by installments. But buy now and as often as you can.

Do all you can to make the world safe for Democracy.

MONUMENTS

A selection from our stock of Winsboro Millstone or Montello Granite Monuments, when lettered in a manner which befits their excellence in Exclusive design. Finest of Stock and Perfect Workmanship adds a lasting dignity to their appearance for all time to come.
NO AGENTS. We depend on efficiency and reputation rather than agents. Then, too, we save you the agent's fee.

J. B. SCHRICHTE SONS
117-121 S. Main St. Rushville, Indiana.

ATTENTION, MR. FARMER:
Vaccinate your Hogs with the SWINE BREEDERS PURE
SERUM, made at Thomtown, Ind.
We administer serum for \$1.75 a hundred cc for non-stockholders,
and \$1.35 for stockholders.
